A S S I G N M E N T:

Whereas we, Hans-Peter Lässle, and Dietmar Schmid, hereinafter called the assignors, both citizens of Germany, have invented a certain improvement for which application for Letters Patent of the United States of America was made in the US Patent & Trademark Office under Serial No. 09/737,272 filed on December 13, 2000 entitled APPARATUS FOR ACTIVATING AND/OR DEACTIVATING A SECURITY DEVICE, and whereas Mannesmann VDO AG, hereinafter called the assignee, a corporation organized under the laws of Germany, having an address, Kruppstrasse 105, D-60388 Frankfurt, Germany, is desirous of acquiring an interest therein:

Now, therefore, in consideration of One Dollar and other good and valuable consideration, the receipt of which is hereby acknowledged, by these presents, the assignors, do sell, assign and transfer unto the said assignee the entire right, title and interest, for the territory of the United States of America, in and to said invention as described in the specification and claims of said application; said invention, application and Letters Patent, including any continuations, divisions, reexaminations, or reissues thereof, to be held and enjoyed by

the said assignee for its own use and behoof, and for its legal
representatives, to the full end of the term for which Letters
Patent may be granted, as fully and entirely as the same would
have been held by the assignors had this assignment and sale not
been made. Further in consideration of the above, the assignors
agree to do whatever is necessary to aid in the securing or
preservation of protection on this invention, application(s), and
patent(s).
