ASSIGNMENT

WHEREAS, we Dewitt J. Paul and Barry E. Williams of 2181 Salt Air Drive, Santa Ana, CA 92705 and 856 Calle Vallarta, San Clemente, CA, 92673, respectively, have made an invention in certain improvements described in an application Serial Number 09/577,462, filed 05/24/2000 for United States Patent entitled:

MOIST TISSUE DISPENSER

WHEREAS, Nuway Corporation, a corporation duly organized and existing under the laws of Commonwealth of Massachusetts and having a place of business at 40 Broad Street, Boston, Massachusetts, 02109 inclusively hereinafter referred to as the Assignee, is desirous of acquiring the entire right, title and interest in and to the said invention, the said application, all inventions disclosed in said application, and any and all Letters Patent of the United States and of all other countries which may be granted for the said invention or inventions, or any of them;

Now, THEREFORE, for good and valuable consideration furnished to me by the Assignee, the receipt whereof is hereby acknowledged, we do hereby sell, assign and transfer to the Assignee, its successors and assigns, the entire right, title and interest in and to the said invention, inventions, and application, including all priority rights arising therefrom, all inventions disclosed in said application, and any and all Letters Patent of the United States, and of all other countries, together with the right to apply for such Letters Patent, which may be granted for the said invention, inventions or any of them.

AND we hereby authorize and request the Commissioner of Patents of the United States and the appropriate officers of all foreign patent offices to issue any and all Letters Patent which may be granted on the said application or applications above referred to, or for the said inventions, or any of them, to the Assignee in accordance with the terms of this instrument.

AND we hereby agree for ourselves and our heirs, legal representatives and assigns to execute and sign without further consideration any other legal document and any other assignments and any divisional, continuing, renewal, reissue or other application in and for all patents in any country that may be appropriate and may be deemed necessary by the Assignee fully to secure to the Assignee its interests as aforesaid in and to the said invention or any part thereof

and in and to the said patents or any of them.

AND we further covenant and agree that we will at any time upon request communicate to the Assignee, its successors, assigns or other legal representatives, any facts known to me/us relating to the said invention and any patent that may be granted thereon, and will testify as to the same in any interference or litigation when requested to do so without further consideration, but at the expense of said Assignee.

AND we hereby covenant for myself and our heirs, legal representatives and assigns that we have not hitherto assigned or granted any license to make, use or sell said invention, and that we will not henceforth purport to assign, license or execute any instrument to that effect in conflict with this assignment.
