ASSIGNMENT

WHEREAS, I, Anthony F. Sammells (herein called "ASSIGNOR"), residing at 2145 Knollwood Drive, Boulder, Colorado 80302, am the inventor of the invention "Mixed Conduction Membrane For Carbon Dioxide Separation And Partial Oxidation Reactions" for which I have executed an application for a Patent of the United States, filed November 28, 2000, Serial No. 09/724,131 ;

WHEREAS, Eltron Research, Inc. (herein called "ASSIGNEE"), a corporation organized and existing under the laws of the State of Illinois having a principal place of business at 4600 Nautilus Court South, Boulder, Colorado 80301-3241, is desirous of obtaining the entire right, title and interest in, to and under the said invention and the said application;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to me in hand paid, and other good and valuable consideration the receipt of which is hereby acknowledged, I, the said ASSIGNOR, have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest in, to and under the said invention, and the said United States Application and all divisions, renewals and continuations thereof, and all Patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority of the United States under the International Union for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof;

AND I HEREBY authorize and request the Commissioner of Patents and Trademarks of the United States, and any official of any country or countries foreign to the United States whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument;
