ASSIGNMENT

Whereas Unipower Northeast Technical Center, whose address is 2 Park Drive, Unit 3, Westford, MA 01886, is the present assignee of the application for Letters Patent of the United States of America entitled HIGH DENSITY, HOT PLUGGABLE POWER SUPPLY, Serial No. 29/139808.

And Whereas, Unipower Corp., whose address is 3900 Coral Springs Drive, Coral Springs, Florida 330652, and which, together with its successors and assigns, is hereinafter called "Assignee," is desirous of acquiring the title, rights, benefits, and privileges hereinafter recited;

Therefore, for valuable consideration furnished by Assignee to Unipower Northeast Technical Center, receipt and sufficiency of which is hereby acknowledged, Unipower Northeast Technical Center hereby, without reservation:

1. Assigns, transfers, and conveys to Assignee Unipower Northeast Technical Center's entire right, title, and interest in and to said inventions and discoveries, said application for Letters Patent of the United States of America, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part, and Convention applications based in whole or in part upon said inventions or discoveries, or upon said applications, and any and all Letters Patent, reissues, reexaminations, and extensions of Letters Patent granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications, and said Letters Patent;

2. Authorizes Assignee to file patent applications in any or all countries on any or all of said inventions and discoveries in Unipower Northeast Technical Center name or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise;

3. Authorizes and requests the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title, and interest therein or otherwise as Assignee may direct;

4. Warrants that it has not knowingly conveyed to others any right in said inventions, discoveries, applications, or patents or any license to use the same or to make, use, or sell anything embodying or utilizing any of said inventions or discoveries; and that I have good right to assign the same Assignee without encumbrance;

5. Binds itself, its legal representatives and assigns to do, upon Assignee's request and at Assignee's expense, but without additional consideration, all acts reasonably serving to assure that the said inventions and discoveries, the said patent applications, and the said Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by Unipower Northeast Technical Center, its legal representatives, and assigns if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to

communicate to Assignee all facts known to Unipower Northeast Technical Center relating to said inventions and discoveries or the history thereof; and to furnish Assignee with any and all documents, photographs, models, samples, and other physical exhibits in Unipower Northeast Technical Center's control or in the control of its legal representatives or assigns which may be useful for establishing the facts of conceptions, disclosures, and reduction to practice of said inventions and discoveries.

In testimony of which, Edward Rodriguez., the Director of Unipower Northeast Technical Center with authority to bind Unipower Northeast Technical Center, executed this Assignment as an instrument under seal on the date indicated next to Mr. Rodriguez's signature.
