FOUNDER'S INTELLECTUAL PROPERTY TRANSFER AGREEMENT

This Founder's Intellectual Property Assignment Agreement ("Agreement") is entered into as of April 8, 1999, by and between InfoMove.com, Inc. (the "Corporation") and the undersigned ("Founder"). In consideration and as a condition of Founder's receipt of shares of the Corporation's common stock and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Founder and the Corporation acknowledge and agree to the following:

1. Assignment of Intellectual Property. Founder hereby assigns and agrees to assign, transfer and convey to the Corporation any and all of Founder's rights, title and interest in and to all Intellectual Property (as such term is defined below) related to the business of the Corporation, including without limitation the patent applications listed on Exhibit A hereto. For the purposes of this Agreement, "Intellectual Property" shall also mean any and all tangible or intangible intellectual property rights arising under federal, state or common law including, but not limited to, proprietary rights, trade secrets, inventions, trade names, trademarks, service marks, promotional materials, business plans, product literature, registered and unregistered copyrights, copyrightable materials, rights in computer software, internet addresses, domain names and web sites, and federal, state or foreign registrations or applications for registration of intellectual property. Founder acknowledges that pursuant to this Agreement, the Corporation will be the exclusive owner of all Intellectual Property.

2. Execution of Further Documents. Upon the written request of the Corporation, Founder shall assist the Corporation at the Corporation's expense in every reasonable way to obtain for the Corporation's own benefit patent, copyright, and trademark registrations for any Intellectual Property in any and all jurisdictions, which Intellectual Property shall be and remain the property of the Corporation whether or not patented, copyrighted or trademarked. Founder shall execute such documents, including without limitation applications for patents, copyrights and trademarks, and assignments of Intellectual Property, including patent, copyright, and trademark registrations issued and to be issued, and to perform such lawful acts, as the Corporation may deem to be necessary or desirable to allow it to exercise all rights, title and interest in and to such Intellectual Property.

3. Notices. Any notices given under this Agreement shall be in writing, personally delivered, or sent by certified mail, postage prepaid, or sent via telefacsimile, receipt confirmed, to the following addresses and telephone numbers, which a party may change from time to time by prior written notice to the other party:

The Corporation: InfoMove.com, Inc.
10635 NE 38th Place, Suite A
Kirkland, WA 98033
Attention: President

With a copy to: Cairncross & Hempelmann, P.S.
70th Floor, Columbia Center
701 Fifth Avenue
Seattle, Washington 98104
Attention: Bob Seidel

Founder: At the address indicated on the signature page.

4. Miscellaneous. This Agreement shall be binding upon and inure to the benefit of the parties' respective successors, heirs and assigns. The waiver of any breach of any provision of this Agreement or failure to enforce any provision hereof shall not operate or be construed as a waiver of any subsequent breach. The provisions of this Agreement shall not be construed as limiting any rights or remedies that either party may otherwise have under applicable law, and shall be in addition to all other rights and remedies of such party, including any which may arise out of any other written agreement involving the parties.

5. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

6. Modifications. This Agreement contains the entire agreement between the parties hereto relating to the subject matter hereof and may be modified or amended only by written agreement between the Corporation and the Founder.

7. Severability. The invalidity of all or any part of any section of this Agreement shall not render invalid the remainder of this Agreement or the remainder of such section. In the event a court of competent jurisdiction should decline to enforce any provision of any section of this Agreement, such section shall be reformed to the extent necessary in the judgment of such court to make such provision of such section enforceable to the maximum extent which the court shall find enforceable.

8. Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Washington, as such laws are applied to contracts entered into and performed in such state. The acknowledgment and agreement set forth at Section 1 above is intended to supplement and not to supersede the protections afforded the Corporation under the "works made for hire" doctrine and all other applicable federal or state laws as may be in effect from time to time within the State of Washington.

EXECUTED as of the day and year first above written.
