REEL: 011835 FRAME: 0008

Whereas, I, Paul Kadlec of Vail, AZ 85641, hereafter referred to as "applicant", have invented certain new and useful improvements entitled *Integrated Diagnostic System for Photoelastic Modulator*, for which a provisional application for a United States Patent was filed on 31 March 1999 and has been assigned Application Number 60/127,263, and for which an international application under the Patent Cooperation Treaty, entitled *Integrated Diagnostic System for Photoelastic Modulator*, and designating the United States is being filed herewith in the US Receiving Office, and

Whereas, Hinds Instruments, Inc., of Hillsboro, Oregon, herein referred to as "assignee" and whose post office address is 3175 NW Alcock Drive, Hillsboro, OR 97124 desires to acquire the entire right, title and interest in the same;

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged, applicant, hereby sells, assigns and transfers to the assignee, the full and exclusive right, title and interest in and to said invention, provisional patent application, and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute related US non-provisional application(s) international applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; said invention, application and letters patent in this or any foreign country, and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by assignee for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, as fully and entirely as the same would have been held by me had the assignment and sale not been made, and covenant that I have full right so to do, and agree that, in exchange for the hourly compensation agreed to between applicant and assignee in the independent contractor agreement in effect at the time the particular act is requested, or at the rate of \$100 per hour, whichever is greater, I will communicate to assignee, or its successors and assigns, any facts known to me respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything reasonable to aid assignee, its successors and assigns to obtain and enforce proper patent protection for said invention in this or any foreign country.
