ASSIGNMENT

For good and valuable consideration, I, Laurent FABRE, residing at 71 bis, Avenue de la Gare, 31120 Portet sur Garonne, France, a citizen of France;

Hereby sell, assign and transfer to Siemens Automotive S.A., a French corporation organized and existing under the laws of the Republic of France having its principal place of business at Avenue du Mirail, Toulouse, Republic of France, herein the "Assignee", its successors, assigns and legal representatives, the entire right, title and interest in and for the United States of America and all foreign countries, in all and to any improvements that are disclosed in the application for United States Letters Patent, which has been executed by the undersigned concurrently herewith, and is entitled:

LEAK DETECTION IN A VAPOR HANDLING SYSTEM

and in and to said application and all divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent which have been or shall be filed in the United States of America and all foreign countries on any of said improvements; and in and to all original and reissued patents that have been or shall be filed in the United States of America and all foreign countries on said improvements;

Agree that Assignee may apply for and receive Letters Patent for said improvements in its own name; and that, when requested, without charge to but at the expense of Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to Assignee, its successors, assigns and legal representatives, all facts known to the undersigned relating to said improvements and the history thereof; and generally do everything possible that Assignee, its successors, assigns and legal representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements and all applications for patents and all patents on said improvements in Assignee, its successors, assigns and legal representatives; and

Covenant with Assignee, its successors, assigns and legal representatives, that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
