In Re: Marriage of:	)	CASE NO. 76505
	)	
Petitioner: NANCY WERES	)	<b>FURTHER JUDGMENT</b>
	)	<b><u>ON RESERVED ISSUES</u></b>
and	)	
	)	
Respondent: OLEH WERES	)	

The issue of the division of patent rights developed during the parties' marriage came before the Court for trial commencing July 8, 1999, and concluding July 26, 1999. Petitioner was present and represented by counsel, Fershko, Lewis & Blevans, by Robert E. Blevans. Respondent was present and represented by counsel, Lynn Young. The Court issued its Notice of Tentative Decision on October 13, 1999, and has issued a statement of decision. The issue of attorneys fees and costs having been bifurcated, the Court reserves jurisdiction over that issue.

Based upon the evidence, both oral and documentary, presented at the trial, the Court makes the following Orders:

1. Petitioner is hereby awarded an undivided one-half (1/2) interest as tenant-in-common in any and all rights, title and interest that either party is entitled to with respect to the following patents:

///

a. With respect to electrochemical technology:

<u>Patent No.</u>	<u>Filing Date</u>	<u>Issue Date</u>
5,364,508	03/16/94	11/15/94
5,419,824	02/02/94	05/30/94
5,439,577	11/10/94	08/08/95

b. With respect to power plant technology:

<u>Patent No.</u>	<u>Filing Date</u>	<u>Issue Date</u>
5,735,125	01/22/96	04/07/98

2. Petitioner is hereby awarded an undivided one-half (1/2) interest as tenant-in-common in any rights or benefits that may result from that portion of patent application 09/037,902 resulting from work performed during the parties marriage.

3. Respondent is hereby awarded an undivided one-half (1/2) interest as tenant-in-common in any and all rights, title and interest that either party is entitled to with respect to the following patents:

a. With respect to electrochemical technology:

<u>Patent No.</u>	<u>Filing Date</u>	<u>Issue Date</u>
5,364,508	03/16/94	11/15/94
5,419,824	02/02/94	05/30/94
5,439,577	11/10/94	08/08/95

b. With respect to power plant technology:

<u>Patent No.</u>	<u>Filing Date</u>	<u>Issue Date</u>
5,735,125	01/22/96	04/07/98

4. Respondent is hereby awarded an undivided one-half (1/2) interest as tenant-in-common in any rights or benefits that may result from that portion of patent application 09/037,902 resulting from work performed during the parties marriage.

5. For the purposes of determining what rights were created and/or existed during the parties' marriage, the date of marriage is determined to be September 1, 1974, and the date of separation is determined to be February 10, 1996.

1           6. Each party is hereby restrained and enjoined from licensing, transferring,  
2 hypothecating, disposing of, or otherwise transferring any interest in the above-referenced patents or  
3 the community portion of any rights resulting from the above-referenced patent application without  
4 the express written consent of the other party or an Order of Court first obtained.

5           7. Each party is restrained and enjoined from transferring, disposing of, or disbursing any  
6 consideration, payment, or other benefit received resulting from the rights protected under the above-  
7 referenced patents or resulting from any patent resulting from the above-referenced patent application  
8 without the express written consent of the other party or an Order of Court first obtained.

9           8. Each party shall keep the other informed and, as applicable, shall provide the other  
10 party with copies of any document relating to any offer to purchase, license or pay any consideration  
11 or provide any benefit to either party relating in whole or in part to the rights protected under the  
12 above-referenced patents or relating to the technology identified in the above-referenced patent  
13 application. Such information shall be provided by the recipient to the other party within five (5) days  
14 of receipt.

15           9. Each party shall sign any and all documents necessary or convenient to register the  
16 ownership interests in the patents and any ownership interests resulting from the patent application  
17 referred to above with the United States Patent Office. Should either party fail to sign any such  
18 document within ten (10) days of its presentation, the Court may authorize and order the County  
19 Clerk, or other appropriate person, to sign such document in place of the refusing party.

20           10. The Court specifically retains jurisdiction to allocate and divide any and all benefits that  
21 may be received as a result of the above-described patents or the above-described patent application,  
22 or the technologies described therein and/or protected thereby between the parties. The Court further  
23 retains jurisdiction to make any and all Orders necessary and/or convenient to carry out and enforce  
24 the terms and provisions of this Judgment.
