Title: "Color Photographic Element".

NOVELTY STATEMENT

I/we have reviewed and understands the contents of the identified specification, including the claims, and I/we believe that I/we am/are the original, first, and sole/joint inventor(s) or discoverer(s) of the invention or discovery described therein. I/we acknowledge our duty to disclose to the Patent and Trademark Office information we are aware of which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, § 1.56(a) (reproduced on back of this page). I/we do not know and do not believe that this invention or discovery was ever known or used in the United States of America before my/our invention or discovery thereof, or patented or described in any printed publication in any country before my/our invention or discovery thereof, or more than one year prior to the projected filing date of this application, or in public use or on sale in the United States of America more than one year prior to the projected filing date of this application. This invention or discovery has not been patented or made the subject of an inventor's certificate issued before the projected filing date of this application in any country foreign to the United States of America on an application filed by me/us or my/our legal representatives or assigns more than twelve months before the projected filing date of this application. No application for patent or inventor's certificate on this invention or discovery has been filed by me/us or my/our legal representatives or assigns in any country foreign to the United States of America, except as follows (list application number(s), filing date(s), and jurisdiction(s) or specify none as appropriate):

§1.56 Duty of disclosure; fraud; striking or rejection of application.

(a) A duty of candor and good faith toward the Patent and Trademark Office rests on the inventor, on each attorney or agent who prepares or prosecutes the application and on every other individual who is substantively involved in the preparation or prosecution of the application and who is associated with the inventor, with the assignee or with anyone to whom there is an obligation to assign the application. All such individuals have a duty to disclose to the Office information they are aware of which is material to the examination of the application. Such information is material where there is substantial likelihood that a reasonable examiner would consider it important in deciding whether to allow the application to issue as a patent. The duty is commensurate with the degree of involvement in the preparation or prosecution of the application.

ASSIGNMENT

Whereas we, Giuseppe Rocca, Antonio Poggi, Simona Fava

citizens of Italy

residing respectively at - via Garibaldi, 154/6 - I-17043 CARCARE (Savona), Italy
- via M. de Grossi, 6 - I-17048 QUILIANO-VALLEGGIA (Savona), Italy
- via Monte Baldo, 15/2 - I-16166 GENOVA, Italy

have made an invention in "Color Photographic Element"

(FN: 01011US01)

and have today executed an application for Letters Patent of the United States of America based thereon;

Now, Therefore, for good and valuable consideration, receipt of which is acknowledged, we have individually and jointly agreed to assign and transfer and do hereby assign and transfer unto the FERRANIA S.p.A., an Italian Company, having its principal office at Cairo Montenotte/Ferrania (Savona), Italy, its successors and assigns, the entire right, title, and interest in and to the said invention and application, and in and to any division or continuation (in whole or in part) of said application, and in and to any and all improvements in the said invention made by us or any of us or made jointly with others (provided any such improvement is made during, or within one year after the termination of, the employment by the said Company of whichever of us, solely or jointly with one or more others, has made the same), and in and to any and all Letters Patent, reexaminations, reissues, or extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Letters Patent, Utility Models, or Inventors' Certificates in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted thereon or on any divisional, continuation (in whole or in part), renewal, reexamination, reissue, or other or further application based in whole or in part upon the said invention or improvements thereon, to be held and enjoyed as fully and exclusively as they would have been by us or any of us had this assignment and transfer not been made;

We do further agree for ourselves and for our heirs, executors, and administrators, to execute and deliver without further consideration any further applications, assignments, and documents, and to perform such other acts as we lawfully may, that may be deemed necessary by the said Company, its successors, assigns, and nominees, fully to secure its right, title, and interest as aforesaid and to obtain or maintain Letters Patent, Utility Models, or Inventors' Certificates in any and all countries;

And we do hereby authorize and request the Commissioner of Patents to issue any and all Letters Patent which may be granted upon any of the

said applications, to the said Ferrania S.p.A. Company, as the assignee of the entire right, title, and interest therein.

In witness whereof, we have hereunto signed our names on the day and year set forth below.
