Whereas, I, James Allen McEwen of Richmond B.C. Canada, hereafter referred to as Assignor, have invented certain new and useful improvements entitled:

Matching Limb Protection Sleeve for Tourniquet Cuff

for which an application for a United States Patent was filed on June 21, 2001 and has been assigned Application Number 09/_____. I hereby authorize and request Patrick W. Hughey, attorney for the below identified Assignee, to insert in this paragraph the application number and filing date of this application when that information becomes known.

Whereas, Western Clinical Engineering Ltd. a British Columbia Corporation, herein referred to as "Assignee" and whose post office address is 10551 Bamberton Drive, Richmond, B.C. V7A 1K6 CANADA desires to acquire the entire right, title and interest in the same;

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and transfers to the Assignee, the full and exclusive right, title and interest in and to said invention, patent application, and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute related US patent application(s), international applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; said invention, application and letters patent in this or any foreign country, and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by Assignee for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent(s) may be granted in this or any foreign country, as fully and entirely as the same would have been held by Assignor had this assignment and sale not been made, and covenant that I have full right so to do, and agree that I will communicate to Assignee, or its successors and assigns, any facts known to me respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything possible to aid Assignee, its successors and assigns to obtain and enforce proper patent protection for said invention in this or any foreign country.

Executed this 19th day of June, 2001, at Vancouver, B.C., Canada.
