ASSIGNMENT

WHEREAS, I, Jeffrey B. Hundley residing in 6065 Greatwood Terrace, Alpharetta, Georgia 30005-7467 have invented certain new, original and ornamental designs in a "BRACKET" for which I have this day executed an application for United States Letters Patent;

AND, WHEREAS, Epic Metals, Inc., a corporation of Pennsylvania, having a place of business at 11 Talbot Avenue, Rankin, Pennsylvania 15104 and Infinity Structures, Inc., a corporation of Georgia, having a place of business at 1145 Hightower Trail, Suite 200, Atlanta, Georgia 30350 hereinafter called the "assignees", are each desirous of acquiring one-half of the entire right, title, and interest in and to said application and the inventions and designs therein disclosed.

NOW, THEREFORE, for good and valuable consideration paid to me by said assignees, the receipt of which is hereby acknowledged, I do hereby assign, sell, transfer, and set over unto said assignees the entire right, title and interest in and to said application and the inventions and designs therein disclosed for the United States and all foreign countries and any Letters Patent which may issue therefor in the United States and all foreign countries and all divisions, reissues, continuations, continuations-in-part, renewals, and/or extensions thereof, whereby each of the assignees owns an undivided one-half of the entire right, title and interest in and to said application and the inventions and designs therein disclosed, said assignees to have and to hold the interests herein assigned to the full ends of the terms of said Letters Patent and any and all divisions, reissues, continuations, continuations-in-part, renewals, and/or extensions thereof, respectively, as fully and entirely as the same would have been held and enjoyed by me had this assignment not been made. Each assignee may assign its interest in said application and any patent that issues therefrom and make, use, sell or import into the United States said inventions and designs without the consent of and without accounting to the other assignee.

The Commissioner of Patents and Trademarks is requested to issue such Letters Patent in accordance herewith. I covenant that I am the lawful owner of the said application, inventions, and designs, that the same are unencumbered, that no license has been granted to make, use, or vend the said inventions or designs or any of them, and that I have the full right to make this assignment.

And for the consideration aforesaid, I agree that I will communicate to said assignees or the representatives thereof any facts known to me respecting said inventions and designs, and will, upon request, but without expense to me, testify in any legal proceedings, sign all lawful papers, execute all divisional, reissue, continuation, continuation-in-part, renewal, and/or extension applications, make all rightful oaths, and generally do all other and further lawful acts, deemed necessary or expedient by said assignees or by counsel for said assignees, to assist or enable said assignees to obtain and enforce full benefits from the rights and interests herein assigned. This assignment shall be binding upon my heirs, executors, administrators, and/or assigns, and shall inure to the benefit of the heirs, executors, administrators, successors, and/or assigns, as the case may be, of said assignees.
