ASSIGNMENT

Sebastien ROSEL, a citizen of France and residing at 3 Résidence Saint Lubin, Rue de la Ferme de Belleville, 91190 Gif Sur Yvette; and François MELOCCO, a citizen of France and residing at 16 rue de Bellevue, 92100 Boulogne-Billancourt.

hereafter called "the Assignor(s)", have made certain inventions and discoveries which are described in the patent specification entitled:

*METHOD AND SYSTEM FOR REAL-TIME ANALYSIS AND DISPLAY OF CURVE CONNECTION QUALITY*

☒ executed by us on the date indicated on the accompanying Declaration, preparatory to applying for Letters Patent therefor

☐ for U.S. Patent Application Serial No. \_\_\_\_\_, filed \_\_\_\_\_

Whereas, Dassault Systemes, a corporation organized and existing under and by virtue of the laws of, France and having offices and doing business at 9, quai Marcel Dassault, BP310, 92156 Suresnes Cedex, hereafter called "the Assignee", is desirous of acquiring the title, rights, benefits and privileges recited below, and of confirming the same or any part thereof heretofore acquired by Assignee.

Now therefore let it be known that, in consideration of the sum of One Dollar (\$1.00) or the equivalent thereof, and other good and valuable consideration paid to each of us by the Assignee, we hereby do assign the entire right, title and interest in and to said inventions and discoveries, said application for Letters Patent of the United States of America, and any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation and Convention applications based in whole or in part upon said inventions or discoveries or upon said applications, and any and all Letters Patent, utility models, design registrations, reissues and extensions of any Letters Patent granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications and said Letters Patent;

We hereby authorize Assignee to file patent applications in any or all countries on any or all of said inventions and discoveries in our names or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise;

We authorize and request the Commissioner of Patents of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title and interest therein or otherwise as the Assignee may direct;

We warrant that we have not knowingly conveyed to others any right in said inventions, discoveries, applications or patents or any license to use the same or to make, use or sell anything embodying or utilizing any of said inventions or discoveries; and that we have good right to assign the same to Assignee without encumbrance;

We hereby covenant and agree and bind our respective heirs, legal representatives and assigns to sign all papers and drawings, take all rightful oaths, execute all rightful affidavits, and do all acts necessary or required to be done for the procurement and maintenance of Letters Patent or other form of protection for said invention in the United States and foreign countries, and for further investing or confirming the right and title thereto in the Assignee, its successors, assigns or nominees, without charge to or additional consideration from said Assignee, its successors, assigns or nominees.
