ASSIGNMENT

Whereas we, Kurt E. Brown of Cortland, New York, USA and William L. Murphy of Homer, New York, USA, the Assignors, have made certain new and useful inventions relating to REACTIVE MEDIA, METHODS OF USE AND ASSEMBLIES FOR PURIFYING FLUIDS for which we submitted United States Application No. 09/527,566 on March 16, 2000, United States Application No. 09/717,374 on November 22, 2000, and International Application No. PCT/US01/40315 on March 16, 2001; and

Whereas Pall Corporation of 2200 Northern Boulevard, East Hills, New York 11548, USA, the Assignee, is desirous of acquiring the entire right, title, and interest in and to: United States Application No. 09/527,566, United States Application No. 09/717,374, and International Application No. PCT/US01/40315; the inventions which are described or claimed in each of United States Application No. 09/527,566, United States Application No. 09/717,374 and International Application No. PCT/US01/40315; any and all Regional and National Phase Applications which may be derived from the International Application; any and all patents, including Letters Patent, Petty Patents, and Utility Models, which may be derived from the Regional and National Phase Applications; and any and all divisional, continued, continued-in-part, renewal, reexamined, reissued, or extended applications and patents which may be derived therefrom:

Now, therefore, for and in consideration of One Dollar, and other good and valuable consideration, paid to each of us, the receipt and sufficiency of which are acknowledged, we have sold, assigned, and set over and by these presents do sell, assign, and set over to the Assignee and the Assignee's legal representatives, successors, and assigns, the entire right, title, and interest in and to: United States Application No.

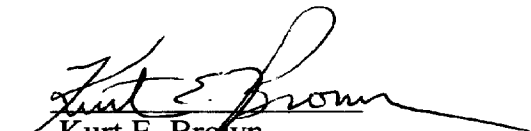

09/527,566, nunc pro tunc, and United States Application No. 09/717,374 and International Application No. PCT/US01/40315; the inventions which are described or claimed in United States Application No. 09/527,566, United States Application No. 09/717,374 and International Application No. PCT/US01/40315; any and all Regional and National Phase Applications which may be derived from the International Application; any and all patents, including Letters Patent, Petty Patents, and Utility Models, which may be derived from the Regional and National Phase Applications; and any and all divisional, continued, continued-in-part, renewal, reexamined, reissued, or extended applications and patents which may be derived therefrom;

We convey, nunc pro tunc, to the Assignee the right to file International Application No. PCT/US01/40315 and any and all Regional and National Phase Applications which may be derived from the International Application, in the Assignee's own behalf, and we authorize and request that any patents be issued to the Assignee in any state in which the Assignee files a Regional or National Phase Application or records a patent granted on a Regional Phase Application;

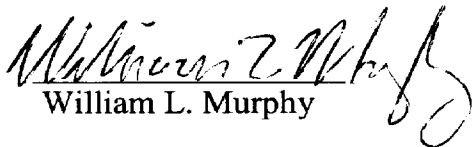

We covenant and agree with the Assignee that we will not execute any writing or do any act conflicting with this Assignment, and that we will at any time, upon request, without further or additional consideration, but at the expense of the Assignee, execute such additional Assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and we will give all necessary assistance in making application for and obtaining original, divisional, continued, continued-in-part, renewal, reissued, reexamined or extended patent applications or patents of the United States, of any and all other states and under any and all international and regional conventions, for the invention, and in enforcing any rights or chooses in action accruing as a result of such patent applications

or patents, for example, by executing preliminary statements and other Affidavits and
Declarations, it being understood that this Agreement shall bind, and inure to the benefit
of, the assigns and legal representatives of both parties.

In witness whereof, we have signed and sealed this Assignment:
