ASSIGNMENT

THIS ASSIGNMENT AGREEMENT ("Assignment") is effective as of July 31, 2000, by and between Escient Convergence Group, Inc., a Delaware corporation ("ECG") which subsequently was renamed OpenGlobe, Inc. on August 29, 2000, and OpenGlobe, Inc., a Delaware corporation ("OpenGlobe") which subsequently was renamed Escient Convergence Corp on August 29, 2000.

RECITALS

On July 31, 2000, ECG entered into an Asset Purchase Agreement with OpenGlobe whereby certain assets and liabilities were transferred between the parties ("APA Transaction"). As a result of the APA Transaction, all of the technology that ECG had previously acquired from Netology was transferred to OpenGlobe under Section 13 of Schedule 1 to the Asset Purchase Agreement, titled the "Acquired Assets." This Assignment is entered for clarification as to specific patents pending which were transferred with the Netology Technology.

In order to clarify the intent of the parties hereto at the time of the Asset Purchase Agreement, ECG now desires to document the specific assignment and transfer to OpenGlobe of two pending US patent applications: Serial No. 09/226,169 (titled Multi-Channel Video Pump filed on January 7, 1999), and Serial No. 09/478,407 (titled Multi-Channel Video Pump, Continuing Data filed on January 6, 2000). OpenGlobe desires to accept such documented assignment and transfer on the terms and conditions provided in the Asset Purchase Agreement, to be effective as of July 31, 2000.

AGREEMENT

In consideration of the promises contained in the Asset Purchase Agreement dated July 31, 2000 between ECG and OpenGlobe and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, the parties hereto agree to document such assignment as follows:

ECG hereby assigns and transfers to OpenGlobe all of its right, title and interest in and to the following two Pending US Patent Applications:

1. Serial No. 09/226,169 titled Multi-Channel Video Pump filed on January 7, 1999; and
2. Serial No. 09/478,407 titled Multi-Channel Video Pump, Continuing Data filed on January 6, 2000.

IN WITNESS WHEREOF, ECG and OpenGlobe have duly executed this Assignment Agreement on October 11, 2000, to be effective July 31, 2000.
