ASSIGNMENT

WHEREAS, I, DAVID GEIGER, of 50 Sitka Circle, Orchard Park, New York 14127, have invented certain new and useful improvements in SINGLE-MOTOR INJECTION-AND-SCREW DRIVE HYBRID ACTUATOR, for which I am about to make application for Letters Patent of the United States; and

WHEREAS, MOOG INC., a New York corporation, of Jamison Road, East Aurora, New York 14052, is desirous of acquiring an interest in the said invention and application, and in any Letters Patent that may be granted therefor:

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00), and other good and valuable consideration to me in hand paid, the receipt whereof is hereby acknowledged, I have assigned, sold and set over, and do hereby assign, sell and set over, unto the said MOOG INC., the full and exclusive right, title and interest in and to the said invention and application for the United States and all foreign countries, as fully set forth and described in the specification prepared and executed by me on the 28th day of August, 2001, preparatory to obtaining Letters Patent therefor; said invention, application, and Letters Patent to be held and enjoyed by the said MOOG INC., for its own use and behoof and for its successors and assigns, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by me had this assignment not been made.

AND I do hereby authorize and request the Commissioner of Patents and Trade-marks to issue the said Letters Patent to the said MOOG INC., as the assignee of the entire right, title and interest thereto.

AND I agree to sign and properly execute such necessary and lawful papers for filing continuations and divisions of said application for patent, for interference or re-examination proceedings, for obtaining any reissue or reissues of any Letters Patent that may be granted for my aforesaid invention, as the assignee thereof shall hereafter require and prepare at its own expense.

And I do further understand that in executing this document, I am transferring my entire interest in and to said invention and application(s) to the assignee hereof, and that the attorney(s) that I have appointed in said application(s) also represent the assignee and any co-inventor(s) identified in said application(s). I consent to such multiple representation for

the purpose of prosecuting said application(s), and do hereby authorize said attorney(s) to take all future instructions from the assignee. I am unaware of any potential interest that I may have that differs from, or is adverse to, that of the assignee with respect to the prosecution of this application(s), and I further acknowledge that, prior to executing this document, I did not seek or obtain any legal advice from said attorney(s) with respect to this assignment and that I have been informed of my right to seek independent counsel of my own choosing and at my own personal expense.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed my seal
this 28 day of August, 2001.
