ASSIGNMENT

WHEREAS, Bottle Rocket, Inc., a Delaware corporation having a place of business at 19 West 21st Street, Suite 503, New York, New York 10010 (the "Assignor"), is the owner of non-provisional U.S. patent application Ser. No. 09/373,578, for which application for letters patent was filed on August 13, 1999, entitled, "System and Method for Interactive Game-Play Scheduled Based on Real-Life Events", whose assignment by its inventors to Assignor was recorded in the United States Patent and Trademark Office on Reel 010173, Frame 0340 (the "Application");

Whereas, ACTV, Inc., a Delaware corporation having a place of business at 1270 Avenue of the Americas, Suite 2401, Rockefeller Center, New York, New York 10020 (the "Assignee"), is desirous of acquiring the entire right, title and interest in, to and under the Application, the invention described therein, and in, to and under any and all Letters Patent or their equivalent to be obtained therefrom in the United States and all foreign countries;

Now, therefore, for good and valuable consideration paid by Assignee, the receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred, and by these presents does hereby sell, assign and transfer unto Assignee, its successors and assigns, Assignor's entire right, title and interest in, to and under the invention described in the Application, the Application, and all divisions, continuations, continuation-in-parts, or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue therefrom, including all reissues, reexaminations or extensions of such patents including all of Assignor's rights under the International Convention, and Assignor does hereby authorize and request the Commissioner of Patents to issue said Letters Patent to Assignee in accordance herewith.

Assignor further authorizes Assignee, its successors and assigns, or anyone Assignee may properly designate, to apply for Letters Patent, in Assignee's own name if desired, in any and all foreign countries, and additionally to claim the filing date of the Application and/or otherwise take advantage of the provisions of the International Convention.

Upon said consideration Assignor does hereby covenant and agree with Assignee, its successors and assigns, that Assignor will not execute in writing or do any act whatsoever conflicting with these presents, and that Assignor or Assignor's executors or administrators will at any time upon request, without further or additional consideration, but at the expense of Assignee, its successors and assigns, execute such additional writings and do such additional acts as Assignee, its successors and assigns, may deem necessary or desirable to perfect Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuation, continuation-in-part, reissued, reexamined or extended Letters Patent of the United States, or of any and all foreign countries on said invention, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date indicated below.

Bottle Rocket, Inc.
