WHEREAS, MITSUBISHI ENGINEERING-PLASTICS CORPORATION,
a Japanese Corporation having its principal place of business at 1-1-1, Kyobashi, Chuo-
ku, Tokyo, Japan

its heirs, successors, legal representatives and assigns (hereinafter designated as the
Assignee) is desirous of acquiring the entire right, title and interest in and to said
invention and to any Letters Patent(s) that may be granted therefor in the United States
of America;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other
good and valuable consideration to the undersigned, the receipt of which is hereby
acknowledged, the undersigned has (have) sold, assigned and transferred, and by these
presents do sell, assign and transfer unto said Assignee the full and exclusive right to the
said invention in the United States of America and its territories, dependencies and
possessions and the entire right, title and interest in and to any and all Letters Patent(s)
which may be granted therefor in the United States of America and its territories,
dependencies and possessions, and in and to any and all divisions, reissues,
continuations and extensions thereof for the full term or terms for which the same may
be granted.

The undersigned agree(s) to execute all papers necessary in connection with this
application and any continuing, divisional or reissue applications thereof and also to
execute separate assignments in connection with such applications as the Assignee may
deem necessary or expedient.

The undersigned agree(s) to furnish all pertinent facts and documents relating to said application, said invention and said patent(s) as may be known and accessible to the undersigned, and will testify as to the same in any interference or litigation related thereto, and will promptly execute and deliver to Assignee any and all papers, instruments or affidavits necessary or desirable to apply for, obtain, maintain or enforce said application or said patent(s) in connection with any interference which may be declared, and any litigation concerning this application or any continuation, division or reissue thereof or Patent(s) or reissue patent(s) issued thereon, and to cooperate with the

Assignee in every way possible in obtaining and producing evidence and proceeding with such interference or litigation.

The undersigned agree(s) to execute all papers and documents and to perform any act which may be necessary in connection with claims or provisions of the International Convention for the Protection of Industrial Property or similar agreements.

The undersigned agree(s) to perform all affirmative acts which may be necessary to obtain a grant of a valid United States patent(s) to the Assignee and to vest all rights therein hereby conveyed to said Assignee as fully and entirely as the same would have been held by the undersigned if this Assignment and sale had not been made.
