## PATENT ASSIGNMENT

WHEREAS, METRISA, INC., a Delaware corporation with its principal office at 25 Wiggins Avenue, Bedford, Massachusetts 01730 ("Assignor"), is the owner of the following Letters Patents of the United States (the "Patents"):

<u>Patent Number</u>	<u>Title</u>	<u>Date of Issue</u>
5,184,077	Abrasion-Resistant, High Pressure Dielectric Sensors	2/2/93
5,940,784	Heat Flow Meter Instruments	8/17/99

WHEREAS, Netzsch Instruments, Inc., a Delaware corporation with its principal office at c/o Metrisa, Inc., 25 Wiggins Avenue, Bedford, Massachusetts 01730 ("Assignee"), is desirous of obtaining the entire right, title and interest in, to and under the Patents and any and all Letters Patents of foreign countries which may be or have been issued on the inventions disclosed in the Patents;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and sets over unto Assignee, its successors and assigns, the entire right, title and interest in the invention or improvements of the undersigned disclosed in the applications for Letters Patent of the United States, entitled:

### **Abrasion-Resistant, High Pressure Dielectric Sensors**

and identified as:

U.S. Patent No. 5,184,077

and

### **Heat Flow Meter Instruments**

and identified as:

U.S. Patent No. 5,940,784

and in said applications and any and all other applications, both United States and foreign, which the undersigned may file, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States and foreign countries, which may be obtained on any of said applications, and in any reissue or extension of such Patents, and further assigns to said Assignee the priority right provided by the International Convention.

The undersigned hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patents to said Assignee.

Assignee warrants to be the owner of the entire right, title and interest in said invention or improvements and to have the right to make this assignment, and further warrants that there are no outstanding prior assignments, licenses, or other encumbrances on the interest herein assigned.

For said considerations the undersigned hereby agrees, upon the request and at the expense of said Assignee, its successors and assigns, to execute any and all divisional, continuation and substitute applications for said invention or improvements, and any necessary oath, affidavit or declaration relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application and any and all applications and other documents for Letters Patent in foreign countries on said invention or improvements, that said Assignee, its successors or assigns may deem necessary or expedient, and for the said considerations the undersigned authorizes said Assignee to apply for patents for said invention or improvements in its own name in such countries where such procedure is proper and further agree, upon the request of said Assignee, its successors and assigns, to cooperate to the best of the ability of the undersigned with said Assignee, its successors and assigns, in any proceedings or transactions involving such applications or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and performing any and all other acts necessary to obtain, maintain and enforce said Letters Patent, both United States and foreign, and vest all rights therein hereby conveyed in the Assignee, its successors and assigns, whereby said Letters Patents will be held and enjoyed by the said Assignee, its successors and assigns, to the full end of the term for which said Letters Patents will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.
