ASSIGNMENT

Advanced Delivery & Chemical Systems, Ltd., having offices at 6805 Capital of Texas Highway, Suite 330, Austin, Texas, is the assignee of United States Patent Application entitled "CHEMICAL CABINET EMPLOYING AIR FLOW BAFFLES" filed in the United States Patent and Trademark Office on August 28, 1998, now U.S. Patent 6,105,606, which was recorded on October 26, 1998 at Réel 9548; Frame 0597.

Advanced Technology Materials Inc., for the benefit of itself, its successors and assigns, all inclusively hereinafter referred to as the "Assignee", desires to acquire the entire right, title and interest in and to such inventions, such applications, all inventions disclosed in such applications, and any and all Letters Patents of the United States and of all other countries which may be granted for such invention or inventions, or any of them.

Advanced Delivery & Chemical Systems, Ltd., hereby conveys, assigns and transfers to the Assignee its full and entire right, title and interest in and to such inventions and such application, including all priority rights arising therefrom, all inventions disclosed in such application, and any and all Letters Patents of the United States and of all other countries, together with the right to apply for such Letters Patents which may be granted for such invention, inventions, or any of them.

By this Assignment, the Assignee has, holds and enjoys such inventions, such application, and such Letters Patents, for its own use and benefit, to the full end of the term or terms for which such Letters Patents may be granted, as fully and entirely as the same would have been held and enjoyed by Advanced Delivery & Chemical Systems, Ltd. had this assignment not been made.

On behalf of Advanced Delivery & Chemical Systems, Ltd., the undersigned hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and the appropriate officers of all foreign countries to issue any and all Letters Patents which may be granted on such applications above referred to or for such inventions, or any of them, to the Assignee in accordance with the terms of this instrument.

Advanced Delivery & Chemical Systems, Ltd. hereby agrees to execute and sign without

further consideration any other legal documents, and any other assignments and any divisional, continuing, renewal, reissue or other applications for all patents that may be appropriate and may be deemed necessary by the Assignee to fully secure to the Assignee its interests in such inventions or any part thereof and in such patents or any of them.

Advanced Delivery & Chemical Systems, Ltd., further covenants and agrees Advanced Delivery & Chemical Systems, Ltd. that will communicate to the Assignee, its successors, assigns or other legal representatives, any facts known to Advanced Delivery & Chemical Systems, Ltd. relating to such invention and any patent that may be granted thereon, and will testify as to the same in any interference or litigation when requested to do so.

Advanced Delivery & Chemical Systems, Ltd. hereby covenants that Advanced Delivery & Chemical Systems, Ltd. has not hitherto assigned or granted any license to make, use or sell said invention, and that Advanced Delivery & Chemical Systems, Ltd. will not hereafter purport to assign, license or execute any instrument to that effect in conflict with this assignment.
