a **German** corporation (hereinafter named „Assignee“), its successors, legal representatives and assigns, the entire right, title and interest in and to Assignor's application for Letters Patent of the United States, **Serial No. 09/901,360, filed 09 July 2001**, entitled **“Shaped soap product comprising talc, one or more fatty acids in the form of their alkali soaps and one or more refatting substances with the simultaneous absence of alkyl (oligo)glycosides”** and to Assignor's entire right, title and interest in any and all inventions, whether join or sole, disclosed in said application for Letters Patent, and in any and all divisional or continuation or renewal applications that may be filed for United States Letters Patent for any and all of said inventions, and in and to any and all patents that may be granted on the foregoing applications and any reissue or extension thereof, and in any and all improvements thereon or relating thereto which the Assignor has invented or may hereafter invent.

The Assignor hereby authorizes and requests the Commissioner of Patents to issue any and all of said Letters Patent to said Assignee.

For said consideration, the Assignor hereby agrees upon the request of said Assignee, its successors, legal representatives or assigns, to execute any and all United States divisional, continuation and renewal applications for said invention or improvements, and any and all necessary oaths, supplemental oaths or declarations or supplemental declarations or affidavit relating thereto, and any application for the reissue or extension of any United States Letters Patent that may be granted upon said application that said Assignee its successors, legal representatives or assigns may deem necessary or expedient.
