ASSIGNMENT

WHEREAS, we, **William Nicholas Lawless**, of Westerville, Ohio, and **Charles Frederick Clark, Jr.**, of Columbus, Ohio, invented certain new and useful **CAPACITIVE ENERGY STORAGE DEVICE AND METHOD OF PRODUCING THE SAME** for which we executed an application for a United States Patent and for which said application for United States Patent was filed on July 27, 2001 under

Patent Application Serial No. 09/916,863

Attorney Docket No. LAE 0025 IA;

WHEREAS, we hereby authorize and request the attorney(s) and/or agent(s) empowered to act on our behalf in the aforementioned application, to insert above the filing date and application number of said application, when known;

AND WHEREAS, **CeramPhysics, Inc.**, a corporation of the State of Ohio, with a place of business at 921 Eastwind Drive, Suite 110, Westerville, Ohio, 43081, hereinafter called the Assignee, is desirous of acquiring the entire right, title and interest in and to said application and the inventions therein disclosed and any letters patent that may issue thereon;

NOW, THEREFORE, for good and valuable consideration, receipt whereof is hereby acknowledged, we hereby sell, assign and transfer unto said Assignee, its successors and assigns, the entire right, title and interest in and to said application and any divisions or continuations thereof, and the inventions therein disclosed, and any improvements thereon, and any patent or patents that may be issued or reissued thereon, and we hereby authorize and request the Commissioner of Patents and Trademarks to issue any letters patent thereon, and reissues thereof, to said Assignee, its successors and assigns; and we hereby authorize said Assignee, its successors and assigns, to file in its own name applications for patent in foreign countries in connection with the inventions hereby transferred, under the International Convention claiming the priority of said United States application or otherwise, and to secure in its own name the patent or patents issued thereon; and we hereby agree that, upon request, we will sign all papers, and make all rightful oaths, and do all acts which said Assignee, its successors or assigns, may consider necessary in connection with said United States application, and in connection with any other United States or foreign applications that may be filed in connection with said inventions, and with any improvements thereon, and in connection with any patents issued or reissued thereon.
