ASSIGNMENT

WHEREAS, James Cady, a citizen of the United States of America and a resident of Austin, Texas, James Wilder, a citizen of the United States of America and resident of Austin, Texas, David L. Roper, a citizen of the United States of America and a resident of Austin, Texas, James Douglas Wehrly, Jr., a citizen of the United States of America and a resident of Austin, Texas, and Jeff Buchle, a citizen of the United States of America and a resident of Austin, Texas, and Julian Dowden, a citizen of the United States of America and a resident of Austin, Texas, (hereinafter called the "Assignors"), have invented a certain new and useful invention entitled "**Chip Scale Stacking System and Method,**" for which an application for a United States Patent was filed on October 26, 2001, and;

WHEREAS, Staktek Group L.P., a Texas limited partnership, having its principal place of business at 8900 Shoal Creek, Austin, Texas 78758 (hereinafter called the "Assignee"), is desirous of acquiring and Assignors are desirous of assigning to Staktek Group L.P. all right, title and interest in and to said Invention, patents and patent applications on said Invention;

NOW, THEREFORE, Assignors, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, do hereby SELL, ASSIGN and CONVEY unto Assignee all right, title and interest throughout the world in and to said invention, this assignment including, but not being limited to:

1. All applications for patent or like protection on said Invention made by Assignor or his legal representatives, whether in the United States of America or any other country or place anywhere in the world;
2. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extension, and the like of said applications and patents and like grants, including without limitation, those obtained or permissible under past, present and future laws or statutes;

3. All rights of action on account of past, present and future unauthorized use of said Invention and for infringement of said patents and like protection;

4. The right to Assignee to file in its name applications for patents and like protection for said Invention in any country or countries foreign to the United States; and

5. All international rights or priority associated with said Invention, applications for patents, patents and like protection.

Assignors covenant that Assignors, their heirs, legal representatives, assigns, administrators, and executors will execute all papers and perform such other acts, with expenses if any to be paid by Assignee, as may be reasonably necessary to give Assignee, its successors and assigns, the full benefit of this Assignment. This Assignment shall be binding upon and shall inure to the benefit of the successors, assigns and legal representatives of the parties hereto.
