INVENTOR(S) MARK J. FLEISSTEIN BRIAN D. MACCRAITH FRANCIS S. LIGLER	CONTRACTOR GEORGETOWN UNIVERSITY Contract No. W00014- X00014-93-C-2114 Contract Reference Number Date Entered Serial No. 09/336,729 Filing Date 06/21/1999

The undersigned inventor(s), in recognition of his (their) obligation as employee(s) of the Contractor to assign inventions to the Contractor, and pursuant to the obligation of the Contractor to the Government under the above contract, hereby assigns (assigns) to the United States of America, subject to a nonexclusive and royalty-free license which is hereby reserved to the Contractor, all rights, title and interest in and to each invention disclosed and claimed in the above U.S. patent application and any foreign patent application that corresponds thereto.

The license reserved to the Contractor shall extend to all existing and future associated and affiliated companies, if any within the corporate structure of which the Contractor is a part and shall be assignable to the successors of that part of the Contractor's business to which such invention pertains.

The inventor(s) further agrees (agrees) to assist the Contractor, and the Government, upon request, by furnishing any available information and documents, and by performing all acts and doing all things which may be reasonably necessary to make this agreement effective.

The Contractor joins in and agrees to the foregoing assignment, and except for the above reservation of a license relinquishes and assigns all rights, title and interest in and to such invention, and further agrees to furnish to the United States of America, upon request, any available information and documents necessary for the prosecution of the above identified application for patent (including prosecution and review of interference), and any substitution, division, continuation-in-part, or continuation of such patent application and any application for related foreign patent resulting from such patent application.
