CORRECTED ASSIGNMENT

I, the undersigned, Gyung Mi Park, a citizen and resident of the Republic of Korea, do hereby state that I am a co-inventor of the subject matter disclosed in the application for United States Letters Patent, Serial No. 09/730,993 filed December 6, 2000, entitled AN ANTISTRESS COMPOSITION FOR A STRESS PREVENTION AND TREATMENT (Attorney's Docket No. 00-731). I further hereby state that on November 10, 2000, I signed an Assignment document which, due to a clerical error, incorrectly spelled the name of the Assignee, which Assignment was previously recorded at the U.S. Patent and Trademark Office on December 6, 2000, Reel 011348, Frame 0735. Said Assignment is in error in that the name of Byung Hak Choi, who is also a co-inventor and applicant in Application Serial No. 09/730,993, was inadvertently misspelled on the Assignment and the Assignment Cover sheet.

In order to correct this error and in consideration of One Dollar (\$1.00), and other good and valuable consideration, the receipt of which is hereby acknowledged, I, Gyung Mi Park, do hereby sell, assign and transfer to Byung Hak Choi, a citizen and resident of the Republic of Korea, whose address is #3-201 Youcheon Villa, 264-1 Gwangjang-dong, Gwangjin-ku, Seoul 143-210, his successors, assigns and legal representatives, the entire right, title and interest for the United States and for all foreign countries, in and to any and all improvements which are disclosed in said application for United States Letters Patent, and in and to said application and all divisional, continuing, substitute, renewal, reissue, and all other

applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said improvements;

Agree that said Assignee may apply for and receive Letters Patent for said improvements in its own name; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, power of attorney and other papers; communicate to said Assignee, its successors, assigns, and representatives, all facts known to the undersigned relating to said improvements and the history thereof; and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns and legal representatives; and

Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
