all our rights to

United States Patent Application No. 09/254,310 for the invention entitled

A MICRO FLOW SYSTEM FOR PARTICLE SEPARATION AND ANALYSIS

in and to said United States Patent Application including any and all divisions or continuations thereof and in and to any and all Letters Patent of the United States which may issue on any such application or for said invention, including any and all reissues or extensions thereof, to be held and enjoyed by said Assignee, its successors, legal representatives and assigns to the full end of the term or terms for which any and all such Letters Patent may be granted as fully and entirely as would have been held and enjoyed by the undersigned had this Assignment not been made.

We hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all Letters Patent of the United States resulting from said application or any division or divisions or continuing or reissue applications thereof to the Assignee, its successors or assigns in accordance herewith.

And we hereby covenant and agree to do all such things and to execute without further consideration such further assurances, applications, and other instruments as may reasonably be required by the Assignee to obtain Letters Patent of the United States of America for the invention and vest the same in the Assignee.

In witness thereof we have executed this assignment as of the day and year stated below:
