THIS ASSIGNMENT is made on *Oct. 1,* 2001

BETWEEN:-

1. **LITTON MARINE SYSTEMS B.V.** (formerly called SPERRY MARINE EUROPE B.V.) a Company incorporated in the Netherlands whose principal place of business is at Vlaardinger, Holland (the "**Assignor**");

AND

2. **LITTON MARINE SYSTEMS INC.** (formerly called SPERRY MARINE INC.) a Company incorporated in the state of Delaware whose principal place of business is at 1070 Seminole Trail, Charlottesville, Virginia, 22901 2891 USA (the "**Assignee**").

RECITALS:

- (a) The parties entered into a patent application assignment on 1 March 1997 (the "**Original Assignment**") whereby the Assignor assigned to the Assignee all its rights title and interest in and to the Application as set out in the schedule attached hereto.
- (b) The Original Assignment contained a number of typographical and factual errors and the parties have now agreed to enter this patent application assignment to confirm their intentions and so as to create a binding document.

OPERATIVE PROVISIONS:

In consideration for the payment of the payment made by the Assignee to the Assignor pursuant to a Purchase Agreement entered into between the parties dated 11 December 1996 by the Assignee to the Assignor (receipt of which is hereby acknowledged by the Assignor):-

1. The Assignor hereby assigns to the Assignee with full title guarantee free from encumbrances:-
 - 1.1 all its rights title and interest in and to the Application to the intent that the grant of any patent or patents thereon shall be in the name of and vest in the Assignee together with all rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of such rights or other acts within the scope of the claims of any published specification accompanying the Application prior to the date hereof;
 - 1.2 the right to apply for prosecute and obtain patent or similar protection throughout the world in respect of the inventions claimed in the Application including the right to claim priority therefrom to the intent that the grant of any patents or similar protection shall be in the name of and vest in the Assignee.
2. The Assignor further covenants that at the request and cost of the Assignee it will at all times hereafter do all such acts and execute all such documents as may reasonably be necessary or desirable to secure the vesting in the Assignee of all rights assigned to the Assignee hereunder.
3. This Assignment (together with all documents referred to herein) shall be governed by and construed and shall take effect in accordance with English law.

4. This Assignment may be executed in counterparts, each of which shall be considered an original, with the same effect as if the parties or their representatives signed the same instrument.

IN WITNESS whereof the parties hereto have executed this assignment the day and year first above mentioned.
