ASSIGNMENT

WHEREAS, we, **Neilson Zeng** of 180 Edmonton Drive, North York, Ontario, Canada M2J-3X5; **Laurence M.C. Lai** of 887 The Greenway, Mississauga, Ontario, Canada L5G-1P7; and **Anthony Russell** of 13645 RR 2, Rockwood, Ontario, Canada N0B-2K0, have invented certain new and useful improvements as disclosed in an application for Letters Patent of the United States entitled ABUSE-TOLERANT METALLIC PACKAGING MATERIALS FOR MICROWAVE COOKING, filed 19 January 2001, which application may be identified in the United States Patent Office by Application No. 09/765,851.

Whereas, **Graphic Packaging Corporation**, a corporation organized and existing under the laws of the State of Delaware, and having its principal offices at 4455 Table Mountain Drive, Golden, Colorado 80403 (the "Assignee"), desires to acquire the entire right, title and interest in and to said invention, said application, and in, to, and under any and all Letters Patent to be obtained therefor;

Now, therefore, for good and valuable consideration, the receipt of which is hereby acknowledged from the Assignee, we have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignee, its successors, and assigns, our entire right, title and interest in and to said invention, said application, all divisions, continuations, continuations-in-part, reissues, or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue therefrom, including all reissues or extensions of such patents including all of our rights under the International Convention (collectively "the Patent Rights"), and we do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above-mentioned Assignee in accordance herewith.

We further authorize said Assignee, its successors, and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own name if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of the International Convention.

We represent and warrant that we have the right and authority to execute this Assignment and to convey all our rights, title, and interest in the Patent Rights, and that we have not conveyed nor will convey hereafter all or part of the Patent Rights therein to a third party; and we do hereby covenant and agree with the said Assignee, its successors, and assigns, that we will not execute in writing or do any act whatsoever conflicting with these presents, and that we or our executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors, and assigns, execute such additional writings and do such additional acts as said Assignee, its successors, and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, continuation, continuation-in-part, divisional, reissued or extended Letters Patent of the United States, or of any and all foreign countries on said invention, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

In Witness Whereof, we have hereunto set our hands and affixed our seals on the dates indicated below.
