ASSIGNMENT

WHEREAS, We the undersigned, Patrick A. Lowery, a citizen of the United States, residing at 16 Calle Cangrejo, San Clemente, California 92673, Petur Thordarson, a citizen of the United States, residing at 180 Juniper Avenue, Carlsbad, California 92008, and Robert Laragione, a citizen of the United States, residing at 3 Canterbury Place, Gordonville, Pennsylvania have invented certain new and useful improvements in MASS FLOW METER SYSTEMS AND METHODS, Attorney Docket No.: FLO1-BQ03, for which we have executed an application for Letters Patent of the United States, on even date herewith; and

WHEREAS, we verily believe ourselves to be the original, first and sole inventors of the invention set forth in said application for Letters Patent and represent that we have not conveyed or hypothecated any right or interest therein;

WHEREAS, FLOWMATRIX, INC, sometimes hereinafter referred to as "said assignee," having a principal place of business at 2461 Impala Drive, Carlsbad, California 92008, is desirous of acquiring the entire and exclusive right, title and interest in and to said invention, and any and all patent applications which may be filed thereon, and any and all Letters Patents which may be granted or issued therefor in the United States and throughout the world, including any and all divisions, continuations, reissues and extensions of any of the foregoing.

NOW, THEREFORE, in consideration of obligations voluntarily assumed by us and other good and valuable consideration, and for the further consideration of the sum of One Dollar (\$1.00) paid to each of us, receipt of which is hereby acknowledged, we do hereby sell, assign, transfer and set over unto said assignee, its successors and assigns, the entire and exclusive right, title and interest in and to said invention, patent applications and Letters Patents which may be granted or issued for said invention in the United States and throughout the world, including all divisions, continuations, reissues and extensions thereof, and all international priority rights associated therewith, all to be held by us had this assignment not been made; and we hereby authorize and request the Commissioner of Patents and Trademarks of the United States and duly constituted authorities of foreign countries to issue all Letters Patents relating to the foregoing assigned rights to said assignee, its successors and assigns.

We agree that we will at all times keep said assignee advised of our whereabouts; and we will promptly, upon request of said assignee, and without further compensation, but at no out-of-pocket expense to ourselves, do all lawful acts, including the execution of all necessary documents and the giving of testimony that, in the opinion of said assignee, its successors and assigns, may be necessary or desirable for obtaining sustaining, or reissuing United States and foreign Letters Patents relating to the foregoing assigned rights, and for perfecting, affirming, recording, and maintaining the title of said assignee, its successors and assigns thereto; and that we will generally cooperate to the fullest extent in all matters pertaining to said invention and patents and said assignee's title thereto.

IN WITNESS WHEREOF, we have executed this instrument at Carlsbad, California on the date indicated adjacent to our names.
