ASSIGNMENT

WHEREAS, I JEFFREY B. HUNDLEY, residing in the City of Alpharetta, County of Fulton, State of Georgia, have invented certain new and useful improvements in "BRACKET FOR A STRUCTURAL PANEL AND A STRUCTURAL PANEL MADE WITH SUCH A BRACKET" for which a patent application was filed in the United States Patent and Trademark Office on December 28, 2001 and bears Serial No. 10/034,978 and filed a United States Provisional Application on January 4, 2001, which bears Serial No. 60/259,779 (hereinafter "said applications");

AND, WHEREAS, Epic Metals, Inc., a corporation of Pennsylvania, having a place of business at 11 Talbot Avenue, Rankin, Pennsylvania 15104 and Infinity Structures, Inc., a corporation of Georgia, having a place of business at 6250 Shiloh Road, Suite 210, Alpharetta, GA 30005 hereinafter called the "assignees", are each desirous of acquiring one-half of the entire right, title, and interest in and to said application and the inventions and designs therein disclosed.

NOW, THEREFORE, for good and valuable consideration paid to me by said assignees, the receipt of which is hereby acknowledged, I do hereby assign, sell, transfer, and set over unto said assignees the entire right, title and interest in and to said applications and the inventions and improvements therein disclosed for the United States and all foreign countries and any Letters Patent which may issue therefor in the United States and all foreign countries and all divisions, reissues, continuations, continuations-in-part, renewals, and/or extensions thereof, said assignees to have and to hold the interests herein assigned to the full ends of the terms of said Letters Patent and any and all divisions, reissues, continuations, continuations-in-part, renewals, and/or extensions thereof, respectively, as fully and entirely as the same would have been held and enjoyed by me had this assignment not been made. Each assignee may assign its interest in said application and any patent that issues therefrom and make, use, sell or import into the United States said inventions and designs without the consent of and without accounting to the other assignee.

The Commissioner for Patents is requested to issue such Letters Patent in accordance herewith. I covenant that I am the lawful owner of the said applications, inventions, and improvements, that the same are unencumbered, that no license has been granted to make, use, or vend the said inventions or improvements or any of them, and that I have the full right to make this assignment.

And for the consideration aforesaid, I agree that I will communicate to said assignees or the representatives thereof any facts known to me respecting said inventions and improvements, and will, upon request, but without expense to me, testify in any legal proceedings, sign all lawful papers, execute all divisional, reissue, continuation, continuation-in-part, renewal, and/or extension applications, make all rightful oaths, and generally do all other and further lawful acts, deemed necessary or expedient by said assignees or by counsel for said assignees, to assist or enable said assignees to obtain and enforce full benefits from the rights and interests herein assigned.
