PATENT AND PATENT APPLICATION ASSIGNMENT

WHEREAS, AGILENT TECHNOLOGIES, INC., a Delaware Corporation having its principal place of business in Palo Alto, California (hereinafter "Agilent"), is the owner, by assignment, of the United States Patent Applications and Patents identified in the attached Schedule A.

AND WHEREAS, LUMILEDS LIGHTING, U.S., LLC, a Delaware Limited Liability Company having its principal place of business in San Jose, California (hereinafter "LumiLeds"), desires to acquire the entire right, title and interest, including the right of priority, in, to and under the United States Patent Applications and Patents identified in said Schedule A.

NOW, THEREFOR, Agilent does hereby assign and transfer to LumiLeds the entire right, title, and interest, including the right of priority, in, to and under the United States Patent Applications and Patents identified in said Schedule A and the inventions and improvements set forth therein, and any and all continuations, continuations-in-part (C-I-P's) divisionals, and renewals of and substitutes for the United States Patent Applications and Patents identified in said Schedule A, and any and all Patents of the United States and of countries foreign thereto that may be granted thereon or therefore; and any reissues, or reexaminations, or extensions thereof.

IN WITNESS WHEREOF, Agilent and LumiLeds have caused this Assignment to be executed by their authorized representatives. Each such authorized representative hereby declares that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of any patents related thereto.
