ASSIGNMENT

WHEREAS WE, **Clemcoat, Inc.**, of PO Box 65283, Vancouver, Washington 98665 are the owner of an invention as set forth in an application for United States Letters Patent, entitled

An Engineered Composite System, System Component Compositions, And Methods Of Use

for which a provisional patent application was filed on November 29, 2000, and identified by United States Patent Application No. 60/253,738, and for which US patent application no. 09/994,787 was filed on November 28, 2001, and for which a PCT patent application PCT/US01/44497 was filed on November 29, 2001;

AND WHEREAS, **Leslie G. Clemens** and **Paul L. Clemens**, and having an address of 12003 NE 121st Street, Brush Prairie, Washington 98606, are desirous of acquiring the entire right, title and interest in and to said invention and in and to any and all Letters Patent of the United States and foreign countries which may be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, Clemcoat, Inc. does hereby sell, assign, transfer and set over unto **Leslie G. Clemens** and **Paul L. Clemens**, their legal representatives, successors, and assigns, the entire right, title and interest in and to said invention as set forth in the above-mentioned application, including any formal US patent applications based on said provisional application, and any continuations, continuations-in-part, divisions, reissues, re-examinations or extensions thereof, any International applications filed thereon, and in and to any and all patents of the United States and foreign countries which may be issued for said invention;

UPON SAID CONSIDERATIONS, We hereby agree with the said assignee that We will not execute any writing or do any act whatsoever conflicting with these presents, and that We will, at any time upon request, without further or additional consideration but at the expense of said assignee, execute such additional assignments and other writings and do such additional acts as said assignee may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuations, continuations-in-part, reexamined, reissued, or extended Letters Patent of the United States or of any and all foreign countries on said invention, and in enforcing any rights or choses in action accruing as result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the forgoing covenant and agreement shall bind, and inure to the benefit of the assigns and legal representatives of assignor and assignee.

CERTIFICATE UNDER 37 CFR 3.73(b)

Clemcoat, Inc. certifies that it is the assignee of the entire right, title and interest in the patent applications identified above by virtue of an Assignment from the inventors of the provisional patent application identified above. The assignment was recorded in the Patent and Trademark Office at Reel 011426 Frame 0237.

The undersigned has reviewed all the documents in the chain of title of the patent identified above and, to the best of undersigned's knowledge and belief, title is in the assignee identified above.

The undersigned (whose titles are supplied below) are empowered to act on behalf of Clemcoat, Inc.

The undersigned further declares that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the patent.
