ASSIGNMENT

We hereby declare that we are the inventors of the invention relating to **INFRARED IMAGER USING ROOM TEMPERATURE CAPACITANCE SENSOR** described in an application for Letters Patent of the United States of America filed:

[] herewith under the above-identified docket number.

[X] on June 18, 2001 under U.S. application serial no. 09/883,577

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we hereby sell, assign, and transfer to **SARNOFF CORPORATION**, a New Jersey corporation having a place of business at 201 Washington Road, Princeton, NJ 08543-5300, United States of America, its successors, and assigns, our entire rights, titles, and interests for all countries in and to said inventions, and all the rights and privileges under any and all Letters Patent that may be granted therefor, and any divisions, continuations, reissues, and extensions thereof.

We agree that, when requested, we will, without charge to said corporation but at its expense, sign all papers, take all rightful oaths, make all rightful declarations, and do all acts which may be necessary, desirable, or convenient for securing and maintaining patents or other forms of protection for said inventions in any and all countries and for vesting title thereto in said corporation, its successors, assigns, or nominees.

We agree that we will communicate to said corporation or its representatives any facts known to us respecting said inventions and, when requested by said corporation and at its expense, will generally do everything possible to aid said corporation, its successors, assigns, and legal representatives or nominees, to obtain or enforce proper protection for said inventions in any and all countries.

We authorize and empower said corporation, its successors, assigns, or nominees, to make application for patent or other form of protection for said inventions in its or their own name, or in our name, in any and all countries and to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from me.

We hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document which may be required in any country for any purpose and, more particularly, in proof of the right of said corporation or its successors, assigns, or nominees to apply for patent or other proper protection for said inventions, and to claim the aforesaid benefits of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

We covenant with said corporation, its successors, assigns, legal representatives, and nominees, that to the best of our knowledge, the right, title, and interest herein conveyed by us are free and clear of any encumbrance, and that we have full right to convey the same as herein expressed.
