ASSIGNMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, the undersigned, Jeannine D. GOCCAYNE, hereby sells, assigns and transfers to **The Institute of Genomic Research ("TIGR")** having a place of business at 9712 Medical Center, Rockville, MD 20850, its successors, assigns and legal representatives, her entire right, title and interest for the United States and all other countries, in and to the improvements(s) known as:

Human Stem Cell Antigen 2

for which application for United States Letters Patent was filed November 8, 1996, and assigned Serial No. 08/746,397, and is entitled:

Human Stem Cell Antigen 2

and in and to said application and all divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent which have been or shall be filed in the United States and all other countries on any of said improvements, and in and to all original and reissued patents which have been or shall be issued in the United States and all other countries on said improvements (hereinafter collectively, the "Patent Rights").

For good and valuable consideration, the receipt of which is hereby acknowledged, **TIGR** hereby sells, assigns and transfers to **Human Genome Sciences, Inc.** ("Assignee") having a place of business at **9410 Key West Avenue, Rockville, MD 20850**, its successors, assigns and legal representatives, their entire right, title and interest for the United States and all other countries in and to the Patent Rights.

The undersigned further agree that said Assignee may apply for and receive Letters Patent for said improvements in its own name; and, when requested, without charge to but at the expense of Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue and all other patent applications on all such improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns and representatives all facts known to the undersigned relating to said improvements and the history thereof; and do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements and all applications for patent and all patents on said improvements in Assignee, its successors, assigns and representatives.

The undersigned hereby represent and warrant to Assignee, its successors, assigns and representatives that no assignment, grant, mortgage, license or other right or agreement affecting the rights and property herein conveyed has been made to others by the undersigned and that full right to convey the same as expressed herein is possessed by the undersigned.

The undersigned hereby grants the power to A. Anders Brookes (Reg. No. 36,373), James H. Davis (Reg. No. 40,582) and Kenley K. Hoover (Reg. No. 40,302) of Human Genome Sciences, Inc., 9410 Key West Avenue, Rockville, Maryland, 20850 to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

IN WITNESS WHEREOF, this Assignment is executed by the undersigned on the date(s) opposite her signature:
