**ASSIGNMENT TO Universal Water Technologies, LLC
FROM Water Systems Integrators, LLC**

Water Systems Integrators, LLC, a Colorado limited liability company having had its principal place of business at 7323 S. Alton Way, Unit B, Englewood, CO 80112 (hereinafter referred to as "Assignor"), has agreed and hereby agrees to assign to Universal Water Technologies, LLC, a Colorado limited liability company having its principal place of business at 8008 E. Arapahoe Court, Suite 100, Englewood, CO 80112, in furtherance of obligations to Universal Water Technologies, LLC and other good and valuable consideration the receipt of which is hereby acknowledged, and does hereby sell, assign and transfer to Universal Water Technologies, LLC, its successors and assigns, its entire right title and interest including the right of priority, in, to and under an application for Letters Patent of the United States entitled:

Title of Invention: **OZONE ENHANCING SYSTEM**

Inventors: William M. Fields and Donald L. Boyd

Filing Date: April 19, 2000; Serial No. 09/552,640

and the invention(s) and improvement(s) set forth therein, and any and all continuations, continuations-in-part (CIP's), divisionals, renewals of and substitutes for said application for Letters Patent, and any and all Letters Patent of the United States and of countries foreign thereto which may be granted thereon or therefor; and any reissue, or reexaminations, or extensions of said Letters Patents.

Assignor additionally authorizes Universal Water Technologies, LLC, its successors, assigns, nominees or legal representatives to file applications in the name of the named inventors for Letters Patent in any country, to be held and enjoyed by Universal Water Technologies, LLC, its successors, assigns, nominees or legal representatives, to the full end of the term or terms for which said Letters Patent respectively may be granted, reissued or extended, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment, sale and transfer not been made;

AND Assignor hereby covenants and agrees that Assignor will, each time a request is made, and without undue delay, execute and deliver all such papers as may be necessary or desirable to perfect the title to said inventions(s) or improvement(s), said application and said Letters Patent to Universal Water Technologies, LLC, its successors, assigns, nominees or legal representatives, and Assignor agrees to communicate to Universal Water Technologies, LLC, or to its nominees, all known facts respecting said invention(s) or improvement(s), said application and said Letters Patents, to testify in any legal proceedings, to sign all lawful papers, to execute all disclaimers and divisionals, continuations, CIP's, reissue and foreign applications, to make all rightful oaths and declarations, and generally to do everything possible to aid Universal Water Technologies, LLC, its successors, assigns, nominees and legal representatives to obtain

and enforce, for its own behalf, proper patent protection for said inventions(s) or improvement(s) in any and all countries provided the expenses which may be incurred by Assignor in lending such cooperation and assistance are paid by Universal Water Technologies, LLC;

AND Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks for the United States and any official of any country or countries foreign to the United States whose duty it is to issue patents on applications as aforesaid, to issue to Universal Water Technologies, LLC, as assignee of Assignor, the entire right, title and interest in and to any and all Letters Patent for said invention(s) or improvement(s), including any and all Letters Patent of the United States, which may be issued and granted on or as a result of the application aforesaid, in accordance with the terms of this assignment.

For the consideration set forth above and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor also hereby assigns to Universal Water Technologies, LLC all of its right, title, and interest in and to all works of authorship embodied within said invention(s) or improvement(s) without restriction and any derivation/modifications thereof including without limitations, all rights of authorship, including copyright, associated therewith. In accordance with the assignment of rights set forth above, Assignor further agrees without requiring payment of additional consideration to execute any subsequent documents necessary to perfect the rights of Universal Water Technologies, LLC or its assignees in such works of authorship including any additional assignments and applications for federal copyright registrations.

IN WITNESS WHEREOF, we have hereunto set our hands and seals:
