, jointly, their successors, assigns and legal representatives (hereinafter called the "Assignee"), the entire right, title and interest, for all countries, in and to certain inventions relating to **LED Inspection Lamp** and described in an application for Letters Patent of the United States filed without a signed Declaration on December 31, 2001,

and in and to all inventions, works, trade secrets, copyright, patent rights and other intellectual property and intellectual property rights and right to apply therefore that are owned by any or all of Assignors and related to or required by the inventions described above, or were created by any or all of us in the course of creating the inventions described above,

and in and to said application, and all divisions, renewals and continuations thereof, and all Letters Patent of the United States which may be granted, thereon, and all reissues and extensions thereof, and all applications for Letters Patent or other grants of protection of proprietary rights including, but not limited to, inventor's certificate, utility model, utility certificate, patent of importation, registration of patent and industrial design registration which may be filed, and which may be granted, upon said inventions in any countries or regions foreign to the United States, and all reissues, renewals and extensions thereof, and we hereby authorize and request the Commissioner for Patents and Trademarks of the United States, and all officials of countries or regions foreign to the United States having authority so to do, to issue all such Letters Patent or other grants of protection upon said inventions to the Assignee or to such nominees as it may designate.

AND Assignors authorize and empower the said Assignee or nominees to invoke and claim for any application for such Letters Patent or other grants of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by a convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

AND Assignors authorize any then current owner of the application, and its patent agents or attorneys, to insert the following information when it becomes available:

Application Serial Number: 101029803

Filing Date: December 31, 2001

AND Assignors hereby consent that a copy of this assignment shall be deemed a full and formal equivalent of any assignment, consent to file or like document which may be required in any country or region for any purpose and more particularly in proof of the right of the said Assignee or nominees to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

AND Assignors hereby covenant that Assignors have the full right to convey the entire right, title and interest herein assigned, and other than the other parties to this Assignment Assignors are not aware of any person or entity that may have any right, title or interest in the inventions or other intellectual property, intellectual property rights and rights to apply therefore that are referred to in this Assignment, and that Assignors have not executed and will not execute any agreement in conflict herewith.

AND Assignors hereby covenant and agree that Assignors will communicate to Assignee or its nominees all facts known to any or all of Assignors pertaining to said inventions, and testify in all legal proceedings, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and declarations and in general perform all lawful acts necessary or proper to aid said Assignee or nominees in obtaining, maintaining and enforcing all lawful patent or other grants of protection of said inventions in any and all countries and regions.

All of the parties to this Assignment agree that this Assignment shall be treated in all respects as an Ontario contract and shall be interpreted in accordance with the laws of Ontario without reference to conflict of law principles that might otherwise be applicable thereto.
