title and interest in and to the Inventions including the right to apply for patents, and to claim International Convention priority, in all foreign countries. Assignor further agrees without further consideration to execute assignments required by foreign countries to assign to Assignee Assignor's entire right, title and interest in and to any and all corresponding foreign patent applications of the above-identified patents. Also, Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States of America and the corresponding official in any foreign country to issue any Letters Patent which may be granted in the United States or foreign country, respectively, to Assignee for its sole use and benefit and for its successors and assigns, to the full end of the term for which the Letters Patent may be granted.

IN TESTIMONY WHEREOF, Assignor intending to be legally bound has affixed its signature.

ENGINEERED CARBONS, INC.

Dated: April 4, 2002
