ASSIGNMENT

WHEREAS we Paul Kenneth Whittingham, Patrick Tony Kenny,

and have executed an application for a United States patent based thereon. Said application was
filed on September 27, 2001 and assigned Serial No. 09/965,359;

AND WHEREAS, PAXAR CORPORATION, a corporation organized and existing
under the laws of the State of New York and having its place of business at 105 Corporate Park

thereunder;

NOW THEREFORE, for one dollar and other good and valuable consideration, receipt of
all of which is hereby acknowledged, we have agreed to and do hereby sell, assign and transfer
unto said corporation the entire right, title and interest, in and throughout the United States of
America (including its territories and dependencies) and all countries foreign thereto, in and to
said invention, said application and any and all patents (including extensions thereof, and all the

right to claim for any foreign patent application the priority date of the corresponding U.S. Patent application) of any country, which have been or may be granted on said invention or any part thereof, or on said application or any divisional, continuing, renewal, substitute, reissue or other patent application based in whole or in part thereon, or based upon said invention;

TO BE HELD AND ENJOYED by said corporation, its successors and assigns to the full ends of the respective terms for which said patents or any of them have been or may be granted, as fully and entirely as the same would have been held and enjoyed by us had no sale and assignment of said interest been made;

AND WE hereby authorize and request the Commissioner of Patents and Trademarks of the United States of America to issue any and all United States patents which may be granted upon said United States application or any of them, or upon said invention or any part thereof, to said corporation;

AND WE hereby agree for ourselves and for our heirs, executors and administrators, to execute without further consideration any further lawful documents and any further assurances, and any divisional, continuing, renewal, substitute, reissue, or other applications for patents of any country that may be deemed necessary by said corporation fully to secure to said corporation its interest as aforesaid in and to said invention or any part thereof, and in and to said several patents or any of them;

AND WE do hereby covenant for ourselves and our legal representatives, and agree with said corporation, its successors and assigns, that we have granted no right or license to make, use or sell said invention to anyone except said corporation, that prior to the execution of this deed our right, title and interest in said invention had not been otherwise encumbered, and that we have not executed and will not execute any instrument in conflict herewith.
