## PATENT ASSIGNMENT

The undersigned (individually and collectively, "Assignor"), having the addresses listed on the signature pages hereof, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, by these presents have sold, assigned, transferred, granted, conveyed and set over, and by these presents sell, **assign, transfer and set over unto Union Planters Bank, National Association**, having an address at 255 Grant Street SE, Decatur, Alabama 35601 ("Assignee"), and its successors, assigns and legal representatives, all right, title and interest, for all countries, in and to all the rights and privileges under any and **all Letters Patent described on Exhibit "A"** hereto and all reissues and extensions thereof; all inventions described in the applications for Letters Patent of the United States in respect thereof, and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said United States application under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said invention in any country or countries foreign to the United States, together with the right to file such applications; and all forms of industrial property protection, including without limitation, patents, utility models, inventors' certificates and designs which may be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and any official of any country or countries foreign to the United States, whose duty is to issue patents or other evidence or forms of industrial property on applications as aforesaid, to issue the same to **UNION PLANTERS BANK, NATIONAL ASSOCIATION**, its successors, assigns and legal representatives, or to such nominees as it may designate.

Assignor agrees that, when requested, it will, without charge to **UNION PLANTERS BANK, NATIONAL ASSOCIATION**, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for the inventions in any and all countries and for vesting title thereto in **UNION PLANTERS BANK, NATIONAL ASSOCIATION**, its successors, assigns and legal representatives or nominees.

Assignor authorizes and empowers **UNION PLANTERS BANK, NATIONAL ASSOCIATION**, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for the inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable, and to invoke and claim such right of priority without further written or oral authorization from me.

Assignor hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of the assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

Assignor covenants with **UNION PLANTERS BANK, NATIONAL ASSOCIATION**, its successors, assigns and legal representatives or nominees that the rights and property herein conveyed are free and clear of any encumbrance, and that Assignor has full right to convey the same as herein expressed.

Assignor further agrees and covenants as follows:

a. Grant of Security. Assignor hereby grants, assigns and conveys to Assignee the following (collectively the "Collateral"):

i. The entire right, title and interest in and to the Letters Patent listed in Exhibit A hereto (as the same may be amended pursuant hereto from time to time) and all patent applications and patents hereafter acquired by Assignor, including without limitation all renewals thereof, all proceeds thereof (including, without limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements and all rights corresponding thereto throughout the world (all of the foregoing herein collectively called the "Patents"), and

ii. The goodwill of the business to which each of the Patents relates.

b. Security for Obligations. This Assignment secures the payment of the following obligations: (a) all obligations of Borrowers under the Credit Agreement dated as of even date herewith between E. S. Robbins Corporation and Centaur HTP Northeast Fencing Systems, Inc., as borrowers, and Assignee, as lender (the "Credit Agreement", which provides rules of construction applicable to this Assignment), the Notes and the other Loan Documents, capitalized terms used but not defined herein having the meanings given such terms in the Credit Agreement); (b) all obligations of Assignor now or hereafter existing under this Assignment and the other Loan Documents; (c) all obligations of Robbins Avalon, L.L.C. and Robbins Amos, L.L.C. to Assignee under that certain Promissory Note in the principal amount of \$2,600,000 dated as of April 17, 2002, to the order of Assignee and under the mortgage and all other documents and instruments executed by Owners in connection therewith; and (d) all other obligations of Assignor to Assignee which state that they are secured by the Collateral; in each case of (a) through (d) including any extensions, modifications, substitutions, amendments and renewals thereof, whether for principal, interest, fees, expenses or otherwise (the "Secured Obligations").

c. Representations and Warranties; Covenants. Assignor warrants and covenants that: (a) the Patents are subsisting and have not been adjudged invalid or unenforceable; (b) to the best of Assignors' knowledge, each of the Patents is valid and enforceable; (c) no claim has been made that the use of any of the Patents does or may violate the rights of any other Person, except as has been advised to Assignee in writing prior to the date of the Credit Agreement; (d) Assignor is the sole owner of the right, title and interest in and to each of the Patents, free and clear of any liens, charges and encumbrances, including without limitation pledges, assignments, licenses, registered user agreements and covenants by Assignor not to sue other Persons; (e) Assignor has the right to enter into this Assignment and perform its terms; and (f) Assignor has used, and will continue to use for the duration of this Assignment, proper statutory notice in connection with its use of the Patents and consistent standards of quality in its furnishing of services and selling of products under the Patents.

d. No Inconsistent Agreements. Assignor agrees that, until all of the Secured Obligations shall have been satisfied in full, it will not, without Assignee's prior written consent, enter into any agreement (including any license agreement) which is inconsistent with Assignor's obligations under this Assignment.

e. New Patents. If, before the Secured Obligations shall have been satisfied in full, Assignor shall obtain rights to any new patents, the provisions of Paragraph a. shall automatically apply thereto and Assignor shall give Assignee prompt written notice thereof. Assignor authorizes Assignee to modify this Assignment by amending Exhibit A to include any future patents and patent applications covered by Paragraph a.

f. License.

i. Unless and until there shall have occurred an Event of Default, Assignee hereby grants to Assignor the exclusive, non-transferable right and license to use (in the same way as used prior to the date hereof) the Patents, together with the goodwill associated therewith, in connection with the services furnished and products sold by Assignor or any of Assignor's subsidiaries.

ii. Assignor covenants and warrants to maintain the quality of the services furnished and products sold by it or by any of its subsidiaries in connection with the Patents at the same high level as had been maintained by Assignor prior to the date hereof.

iii. Assignor shall allow Assignee or any employee or agent of Assignee, upon reasonable notice and during regular business hours, to come onto Assignor's premises to ensure that the services furnished and products sold by Assignor or any of its subsidiaries in connection with the Patents are of the high level of quality maintained by Assignor for such products and services prior to the date hereof.

iv. Assignor agrees not to sell or assign its interest in, or grant any sublicense under, the license granted to Assignor in Paragraph a. above without the prior written consent of Assignee.

g. Maintenance of Patents. (a) Any and all fees, costs and expenses (including attorney's fees and legal expenses incurred by Assignee) in connection with protecting, maintaining or preserving the Patents, or in defending or prosecuting any actions or proceedings arising out of or related to the Patents, shall be borne and paid by Assignor on demand by Assignee. (b) Assignor shall have the duty, through counsel acceptable to Assignee and at Assignor's expense, to make federal application on registrable but unregistered Patents, to file and prosecute opposition and cancellation proceedings, and to do any and all acts which are necessary or desirable to preserve and maintain all rights in the Patents. (c) Assignor shall not, without the prior written consent of Assignee, abandon any Patent.

h. Enforcement of Patents. Assignor shall have the right, with the prior written consent of Assignee, to bring any opposition proceedings, cancellation proceedings or lawsuit in its own name to enforce or protect the Patents, in which event Assignee may, if necessary, be joined as a nominal party to such suit if Assignee shall be satisfied that it is not thereby incurring any risk of liability because of such joinder. Assignor shall promptly, upon demand, reimburse and indemnify Assignee for all damages, costs and expenses, including attorney's fees, incurred by Assignee in the fulfillment of the provisions of this Paragraph h.

i. Failure to Comply. If Assignor fails to comply with any of its obligations hereunder, Assignee may do so in Assignor's name or in Assignee's name but at Assignor's expense, and Assignor hereby agrees to reimburse Assignee in full for all expenses, including attorney's fees, incurred by Assignee in protecting, defending and maintaining the Patents.

j. Remedies.

i. If any Event of Default shall have occurred and be continuing, Assignor's license under the Patents, as set forth in Paragraph f. shall terminate forthwith, and Assignee shall have, in addition to all other rights and remedies given it by this Assignment, those allowed by law and the rights and remedies of a secured party on default under the Uniform Commercial Code as enacted in any jurisdiction in which the Patents may be located and, without limiting the generality of the foregoing, Assignee may immediately, without demand of performance and without other notice (except as set forth below) to or demand on Assignor, all of which are hereby expressly waived, and without advertisement, sell at public or private sale or otherwise realize upon, in Colbert County, Alabama, Morgan County, Alabama, or elsewhere, all or (from time to time) any of the Patents together with the goodwill of the business to which such Patents relate. Assignee, after deducting from the proceeds of sale or other disposition of the Collateral all expenses (including all expenses for broker's fees and legal services), shall apply the balance of such proceeds against the payment of all or part of the Secured Obligations as Assignee shall select. Any remainder of the proceeds after payment in full of the Secured Obligations shall be paid over to Assignor. Notice of any sale or other disposition of the Collateral shall be given to Assignor at least ten days before the time of any intended public or private sale or other disposition of the Collateral is to be made, which Assignor hereby agrees shall be reasonable notice of such sale or other disposition.

ii. In the event of the occurrence and continuance of an Event of Default, Assignor hereby irrevocably authorizes and empowers Assignee to make, constitute and appoint any officer or agent of Assignee as Assignee may select, in its discretion, as Assignor's true and lawful attorney-in-fact, with the power to endorse Assignor's name on all applications, documents, papers and instruments necessary for Assignee to use the Patents, or to grant or issue any exclusive or non-exclusive license under the Patents to anyone else, or necessary for Assignee to assign, pledge, convey otherwise transfer title in or dispose of the Patents to anyone else.

k. Re-Assignment. At such time as Assignor shall completely satisfy (after all of the Commitments have expired and Assignee shall have no further obligations under the Loan Documents to make further Advances) all of the Secured Obligations, this Assignment shall terminate and Assignee shall execute and deliver to Assignor all deeds, assignments and other instruments as may be necessary or desirable to release to Assignor full title to the Collateral, subject to any disposition thereof which may have been made by Assignee pursuant hereto.

l. No Waiver; Cumulative Remedies. No course of dealing between Assignor and Assignee, nor any failure to exercise, nor any delay in exercising, on the part of Assignee, any right, power or privilege hereunder or under any other Loan Document shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, power or privilege. All of Assignee's rights and remedies with respect to the Collateral, whether established hereby or by any other Loan Document or by any other agreements or by law, shall be cumulative and may be exercised singularly or concurrently.

m. Security Interest Absolute. All rights of Assignee and security interests hereunder, and all obligations of Assignor hereunder, shall be absolute and unconditional, irrespective of:  
(a) any lack of validity or enforceability of the Credit Agreement, the Notes, the Guaranty, the Leasehold Mortgage or any other Loan Document or agreement or instrument relating thereto; (b) any change in the time, manner or place of payment of, or in any other term of, all or any of the Secured Obligations or any other amendment or waiver of or any consent to any departure from the Credit Agreement, the Notes, the Guaranty or any other Loan Document or agreement or instrument relating thereto; (c) any exchange, release

or non-perfection of any other Collateral, or any release or amendment or waiver of or consent to departure from any guaranty, for all or any of the Secured Obligations; or (d) any other circumstance which might otherwise constitute a defense available to, or a discharge of, the Borrower or a third party grantor of a security interest. Without limiting the generality of the foregoing, Assignor hereby consents to, and hereby agrees that the rights of Assignee and the security interests hereunder, and the obligations of Assignor hereunder, shall not be affected by, any and all releases of any Collateral (as defined in the Credit Agreement) from the Liens created by any Collateral Documents.

n. Amendments; Etc. No amendment or waiver of any provision of this Assignment nor consent to any departure by Assignor herefrom, shall in any event be effective unless the same shall be in writing and signed by Assignee, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given.

o. Addresses for Notices. All notices and other communications provided for hereunder shall be given in writing and, if to Assignor, mailed or telegraphed or delivered to it, addressed to it at 2802 East Avalon Avenue, Muscle Shoals, Alabama 35661, Attention: CFO; if to Assignee, mailed or delivered to it, addressed to it at the address of Assignee specified in Section 7.02 of the Credit Agreement, or as to either party at such other address as shall be designated by such party in a written notice to each other party complying as to delivery with the terms of this paragraph. All such notices and other communications shall, when mailed be effective when deposited in the mails addressed as aforesaid, *provided* that no notice given to Assignee shall be effective until received by Assignee.

p. Continuing Security Interest; Transfer of Secured Obligations. This Assignment shall create a continuing security interest in the Collateral and shall (i) remain in full force and effect until payment in full of the Secured Obligations and expiration of the obligation of Assignee to make Advances under the Credit Agreement, (ii) be binding upon Assignor, its successors and assigns and (iii) inure, together with the rights and remedies of Assignee hereunder, to the benefit of Assignee and its successors, transferees and assigns. Without limiting the generality of the foregoing clause (iii), Assignee may assign or otherwise transfer any Secured Obligation held by it, or any interest therein, to any other Person and such other Person shall thereupon become vested with all the benefits in respect thereof granted to such Bank herein or otherwise.

q. Financial Condition of Borrower. Assignor represents to Assignee that Assignor is now and will be completely familiar with the business, operations and condition of the Borrower, and Assignor hereby waives and relinquished any duty on the part of any Bank to disclose any matter, fact or thing relating to the business, operations or condition of the Borrower now known or hereafter known by such Bank.

r. Governing Law. This Assignment shall be governed by and construed in accordance with the laws of the State of Alabama, except to the extent that the perfection of the security interest hereunder, or remedies hereunder, are governed by the laws of a jurisdiction other than the State of Alabama.

////////////////////////////////////

s. Joint and Several Obligations. The obligations of Assignor hereunder shall be joint and several.

**IN WITNESS WHEREOF**, each Assignor and Assignee each has caused this Assignment to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
