ASSIGNMENT

WHEREAS I, Scott L. Pratt, 1375 College Station Road, Apt. 24, Athens, GA 30606, have invented certain new and useful improvements in

“GUT-SPECIFIC GENE EXPRESSION IN TRANSGENIC AVIANS”

for which an application for a Letters Patent of the United States was filed in the United States Patent and Trademark Office on March 14, 2002 herewith;

AND WHEREAS the University of Cincinnati, having an Address at 2624 Clifton Avenue, Cincinnati, OH 45221-0623, desires to perfect its right to the Invention and in the Letters Patent to be obtained therefore from the United States of America and all countries foreign thereto;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, BE IT KNOWN THAT, for good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, I have sold, assigned and transferred, and do hereby sell, assign and transfer unto said University of Cincinnati, its successors and assigns, the entire right, title and interest in and to the said invention as fully set forth and described in the specification forming a part of said application for Letters Patent of the United States, and in and to said application, and in and to any and all Letters Patent of the United States which may be issued thereon, and any and all Letters Patent which may be granted for said invention in foreign countries, for the use and benefit of said University of Cincinnati, its successors and assigns.

AND I do hereby authorize and request the U.S. Commissioner of Patents and Trademarks to issue the said Letters Patent of the United States which may be granted upon said application, or upon any divisional, continuing, substitute, reissue or renewal application or applications, to said University of Cincinnati as the assignee of the entire right, title and interest in and to the same.

AND I do hereby agree properly to execute and sign without further compensation any powers of attorney, assignments, applications or other papers which may be necessary fully to secure to said University of Cincinnati, its successors and assigns, the invention shown and described in said application in this or any foreign country, and also to sign any divisional, continuing, substitute, reissue or renewal application or applications which may be desired by the owner of the Letters Patent or Letters Patents which may be issued for the said invention.

IN WITNESS WHEREOF, I have read and understand this Assignment document for the Patent Application entitled "Gut-Specific Gene Expression in Transgenic Avians" filed on March 14, 2002, and agree hereto as indicated by my signature set forth below.
