ASSIGNMENT

In consideration of my agreement with Motorola, Inc., and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, I, Edouard de Frésart, an individual residing in Tempe, Arizona; I, John W. Steele, an individual residing in Tempe, Arizona; and I, David Theodore, an individual residing in Mesa, Arizona, hereby assign, transfer, set over, convey, and deliver to Motorola, Inc., a Delaware corporation, having a principal place of business located in Schaumburg, State of Illinois, United States of America, its successors and assigns (collectively referred to herein as "ASSIGNEE") all of my right, title, and interest in, to, and under any and all subject matter of the invention(s) disclosed and/or claimed in the application for United States patent, titled

Method of Manufacturing a Semiconductor Component and Semiconductor Component Thereof

filed in the U.S. Patent and Trademark Office herewith; in, to, and under the said application and any and all continuation, continuation-in-part, continued prosecution, and divisional applications thereof; in, to, and under, my exclusive right to make and prosecute any and all applications for patents, reissues, renewals, and extensions thereof; in, to, and under any and all patents and Convention and Treaty rights of all kinds, in the United States of America and all other countries throughout the world, for all such subject matter; in, to, and under any and all know-how and/or confidential, proprietary, and/or trade secret information relating to any such subject matter, applications, patents, and/or technology; in, to, and under the right to sue for present, past, and future infringement or misappropriation relating to any such subject matter, applications, patents, and/or technology; in, to, and under the right to enforce any rights and file any causes of action, in law and/or equity, relating to any such subject matter, applications, patents, and/or technology; and in, to, and under the right to all income, royalties, fees, damages, and payments now or hereafter due or payable in respect to any such subject matter, applications, patents, and/or technology. The right, title, and interest is to be held and enjoyed by ASSIGNEE and its successors and assigns as fully and exclusively as it would have been held and enjoyed by ASSIGNOR had this assignment not been made. I request the applicable official having authority to issue patents and/or corresponding rights to issue same on the subject matter of the said invention(s) to ASSIGNEE, and, if called upon by ASSIGNEE or its legal representatives, I agree to promptly sign any and all documents necessary to secure any and all such patents and/or rights and for issuance of same to ASSIGNEE.

I covenant with Motorola, Inc., its successors, assigns, and legal representatives, that the interest and property hereby conveyed is free from all prior assignment, grant, mortgage, license, or other encumbrance.

I grant to Motorola, Inc., its successors, assigns, and legal representatives the power to insert on this assignment any further identification, including the application number and filing dates, which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

I confirm that I have not made any agreement in conflict with this Assignment. I further agree that I will provide information within my knowledge or belief, and do any and all other relevant things that ASSIGNEE or its legal representatives deem necessary or desirable and request of me in
