ASSIGNMENT

WHEREAS, Ideas ASA, a corporation organized and existing under and by virtue of the laws of Norway, having an office at Veritasveien 9, 1323 Høvik, and Radiumhospitalets Forskningsstiftelse, a corporation organized and existing under and by virtue of the laws of Norway, having an office at Ullernchausseen 70, 0310 Oslo, are by previous assignment(s) the owners of the entire right, title and interest in and to the application made for Letters Patent to the United States, identified as Serial No. 09/775,515, filed February 1, 2001, entitled Method and Apparatus for Simultaneous Quantification of different Radionuclides in a Large Number of Regions on the Surface of a Biological Microarray or Similar Test Objects.

WHEREAS, Biomolex AS, a corporation organized and existing under and by virtue of the laws of Norway, having an office at Veritasveien 9, 1323 Høvik, is desirous of acquiring the entire right, title and interest in and to the invention(s) described and claimed in said application for Letters Patent;

NOW, THEREFORE, for and in consideration of the sum of Ten Dollars (\$10.00) lawful money of the United States and other valuable considerations, to me in hand paid, the receipt of and

sufficiency whereof are hereby acknowledged, and said Ideas ASA and Radiumhospitalets Forskningsstiftelse have sold, assigned and transferred and do hereby sell, assign and transfer unto the said Biomolex AS, its successors and assigns, their entire undivided right, title and interest in and to the said application made for Letters Patent(s) and the invention(s) therein contained, including the right to sue for past infringement, to be held and enjoyed by the said Biomolex AS, its successors and assigns the same as it would have been held and enjoyed by Ideas ASA and Radiumhospitalets Forskningsstiftelse, if this assignment and sale had not been made.

Ideas ASA and Radiumhospitalets Forskningsstiftelse, hereby represent and warrant that there are no rights or interests outstanding inconsistent with the rights and interest granted herein and that Ideas ASA and Radiumhospitalets Forskningsstiftelse will not execute any instrument or grant or transfer any rights or interests inconsistent therewith, and Ideas ASA and Radiumhospitalets Forskningsstiftelse bind themselves and their heirs, executors, administrators, employees and legal representatives, as the case may be, to execute and deliver to the said Biomolex AS, its successors and assigns, any further documents or instruments and do any and

all further acts that may be deemed necessary by the said Biomolex AS, its successors and assigns to file applications for improvements and inventions in any country where it may elect to file such applications, and that may be necessary to vest in the said Biomolex AS, its successors and assigns, the title herein conveyed, or intended so to be, and to enable such title to be recorded in the United States and foreign countries where such application or applications may be filed.

AND, Ideas ASA and Radiumhospitalets Forskningsstiftelse further covenant and agree, in consideration of the premises, that they, their executors and administrators will, at any time upon request, communicate to the said Biomolex AS, its successors and assigns, any facts relating to the said invention and improvements and the history thereof, known to them or their successors and assigns, and that they will testify as to the same in any interference or other proceeding when requested to do so by the said Biomolex AS, its successors and assigns.

The undersigned hereby grants the law firm of Licata & Tyrell P.C. the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the U.S. Patent and Trademark Office for recordation of this document.

IN TESTIMONY WHEREOF, Ideas ASA and Radiumhospitalets
Forskningsstiftelse, have hereunto set their hands and seal
