A S S I G N M E N T

WHEREAS we, Jun Li, Alan M. Cassell and Jie Han, respectively residing at 1437 S. Mary Avenue, Sunnyvale, CA 94087; 1179 Minnesota Avenue, San Jose, CA; and 7703 Oak Meadow Court, Cupertino, CA; have made an invention entitled:

CATALYST PATTERNING FOR NANOWIRE DEVICES

and have made application for United States Letters Patent therefore, filed April 5, 2002, under Serial No. 10/117,866; and

WHEREAS, Eloret Corporation, a corporation organized and existing under the laws of California and having an office and place of business at 690 W. Fremont Ave., Suite 8, Sunnyvale, CA USA is desirous of acquiring the entire interest in said invention, in said United States patent application and in any Letters Patent which may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of the sum of One Dollar (\$1.00) paid, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we do hereby sell, assign, and transfer unto the said Eloret Corporation, its successors, assigns and legal representatives, all right, title, and interest in and to said invention and any improvements thereon for all countries of the world, and in and to said application, including any continuations and divisions thereof, and any substitute applications therefore, and including the right to claim priority under the International Convention based on said patent application, and any patent which may issue thereon, and any reissues of the same; and all right, title, and interest in and to every patent application filed or to be filed on said invention in any other country,

including renewals, revivals, continuations, and divisions thereof, and any substitute applications therefore, and any and all patents which may issue thereon, and any reissues and extensions of the same; and I hereby authorize and request competent authorities to grant and issue any and all patents on said invention to the said Eloret Corporation as the assignee of the entire interest therein; and I further agree to execute upon request of the assignee such additional documents, if any, as are necessary and proper to secure patent protection on said invention throughout all countries of the world, and to otherwise give full effect to and perfect the rights of the assignee under this Assignment.
