## ASSIGNMENT

WHEREAS We, WARWICK BROWN and WILLIAM SAMUEL HUNTER, the undersigned inventors (ASSIGNORS), have invented a WARNING DEVICE WITH BASES, for which we are about to file application for design patent of the United States; we executed the application concurrently with executing this assignment; we are the owner of this invention; and

WHEREAS, Eflare Corporation Pty Ltd, is a corporation organized and existing under the laws of Australia having a place of business of 222 St Kilda Road, St Kilda 3182 Victoria, Australia, ASSIGNEE desires to acquire the entire right, title and interest in and to the invention, application and design patent to be granted and issued for the inventions and applications;

NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) by the ASSIGNEE to us paid, and other valuable consideration, the receipt and legal sufficiency of all of which we acknowledge, we the ASSIGNORS have sold and do hereby sell, assign, transfer and set over unto the ASSIGNEE, its successors and assigns, the entire right, title and interest;

in and to the invention and all improvements thereon,

in and to the application for design patent thereon,

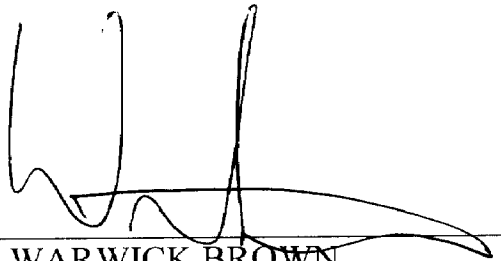

in and to applications pertaining to or based upon the invention and application, including divisional and continuing application sand continuations-in-part,

in and to any and all design patent which may be granted and issued on the invention and applications or any of them, not only for, to and in the Untied States of America, its territories and possessions, but for, to and in all foreign countries, together with and including all priority rights, and

in and to any right to sue for past infringement of the invention, improvements, application and design patent.

And for the above-named considerations, we agree that we will, at the request of the ASSIGNEE, execute any and all applications for design patent for the invention and any and all other papers and documents and do all other and further lawful acts that the ASSIGNEE may deem necessary or desirable to obtain design patent on the invention, to secure the grant of such design patent and to perfect and vest in the ASSIGNEE the entire right, title and interest in the invention, application and design patent.

And for the above-named considerations, we authorize and empower the ASSIGNEE, its successors and assigns, to apply for and obtain, in its or their own names, design patent for the inventions before competent International Authorities including the World Intellectual Property Organization and in any and all foreign countries in which applications for design patent or its equivalent can be so made or design patent so obtained.
