## ASSIGNMENT OF PATENTS

THIS ASSIGNMENT OF PATENTS (the "Assignment") is made and entered into this 15th day of April, 2002, by SHARON B. DUNCAN, formerly known as Sharon B. Barnett (the "Assignor"), in favor of DUNCAN TECHNOLOGY SOLUTIONS, LLC, a Maryland limited liability company ("Assignee").

### BACKGROUND

A. The Assignor has made a certain new and useful invention as set forth in the patents and applications set forth in the attached Schedule A (the "Invention"). Prior to her marriage on June 3, 2000, Assignor was known as Sharon B. Barnett.

B. As part of Assignor's initial capital contribution in connection with the formation and organization of the Assignee and pursuant to that certain Operating Agreement between the Assignor and the Assignee, dated as of April 15, 2002 as such agreement may be amended (the "Agreement"), Assignor has agreed to assign to the Assignee its entire right, title and interest in and to, the Invention and in and to any and all letters patent, patent registrations and applications for registrations of patents of the United States and foreign countries which have been filed or may be obtained therefor.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and delivers to the Assignee, the entire right, title and interest of Assignor in and to the Invention as set forth in the above mentioned letters patent, patent registrations and applications for registrations of patents, including, without limitation, any continuations, continuations-in-part, divisions, reissues, reexaminations or extensions thereof, and in and to any and all letters patent, patent registrations and applications for registrations of patents of the United States and foreign countries which have been filed or may be issued for the Invention.

Assignor hereby authorizes and requests the United States Commissioner of Patents and Trademarks to record Assignee as the owner of, and to issue in accordance with this instrument, all of the patents and applications set forth on Schedule A attached hereto and any letters patent of the United States and foreign countries.

Assignor hereby further agrees that it will not execute any writing or do any act whatsoever conflicting with these presents, and that Assignor will, at any time upon request, without further or additional consideration but at the expense of Assignee, execute such additional assignments and other writings and do such additional acts as Assignee may deem necessary or desirable to perfect Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuations, continuations-in-part, reexamined, reissued, or extended letters patent of the United States or of any and all foreign countries on the Invention, and in enforcing any rights or chooses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits.

This instrument shall inure to the benefit of Assignee and its successors and assigns and shall be binding upon Assignor and its successors and assigns.

IN WITNESS WHEREOF, Assignor has duly executed this Assignment as of the date first above-written.

Sharon B. Duncan
