BACKGROUND OF THIS ASSIGNMENT:

Inventor has conceived a certain new and useful invention disclosed in a United States Design patent application titled Liquid Stabilizing Baffle executed concurrently herewith.

W. JAMES SPICKELMIRE and ARLEY HAENER as equal tenants in common (hereinafter referred to as "ASSIGNEES") desire to acquire the entire right, title and interest in said invention and with respect to any Letters Patent that may be granted with respect to the invention in both the United States and in all foreign countries.

THE PARTIES AGREE AS FOLLOWS:

In consideration of good and valuable consideration, the receipt of which is hereby acknowledged, INVENTOR has sold, assigned and transferred to ASSIGNEES the full and exclusive right in the United States and in all foreign countries.

INVENTOR does hereby sell, assign and transfer to ASSIGNEES the entire right, title and interest in the above-identified application and to any reissues, divisions or continuations thereof, and hereby authorizes the Commissioner of Patents and Trademarks to issue such Letters Patent to ASSIGNEES for the sole use of ASSIGNEES, their successors or assigns.

INVENTOR further agrees to execute, at the request and expense of ASSIGNEES such other formal documents as may be required to fully convey the interest transferred herein and will similarly execute any applications papers required for the filing of any division, continuation or reissue of the patent application or resulting Letters Patent; and will generally do everything necessary or desirable to obtain and enforce proper protection for the invention assigned hereby.

INVENTOR further assigns to ASSIGNEES the whole right, title and interest in the invention disclosed in the application throughout all countries foreign to the United States. ASSIGNEES are hereby authorized to apply for patents relating to the invention in their own names in countries where such procedure is proper; to claim the benefit of the International Convention; to file and prosecute International Applications relating to the invention under

the Patent Cooperation Treaty; and to file and prosecute applications relating to the invention under the European Patent Convention. INVENTOR agrees to execute applications relating to the invention in those countries and under those conventions where it is necessary that the same be executed by the inventors, and to execute assignments of such applications and the resulting Letters Patent to ASSIGNEES as well as all other necessary papers in relation to such applications and Letters Patent.

Signed at Grangeville, ID on March 28, 2002.
