ASSIGNMENT

Whereas, I, Kevin McGarry residing at 128 10th Avenue, Indian Rocks Beach, Florida 33785, a citizen of the United States of America, having made an invention of a trash can system, which is the subject of an application for Letters Patent of the United States of America (09/789,995) based thereon;

Lowell, Chicago, IL 60646, his successors and assigns, the right, title and interest in and to an additional 17 percent (17%) of said invention and application, (John Folker already owning 33 percent of the rights to the patent, with this assignment bringing his ownership of the patent rights to a total of 50%) and in and to any division, continuation or continuation-in-art, of said application, and in and to any and all Letter Patent and reissues and extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Letters Patent in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted on any of the foregoing to be held and enjoyed as fully and exclusively as they

would have been by myself had this assignment and transfer not been made;

I do further agree for myself and my heirs, executors and administrators, to execute and deliver without further consideration any further applications, assignments and documents, and to perform such other acts as I lawfully may, that may be deemed necessary by John Folker, his successors, assigns, and nominees, fully to secure his interest as aforesaid;

And I do hereby authorize and request the Commissioner of Patents to issue any and all Letters Patent which may be granted upon any of the said applications, to Kevin McGarry and John Folker as equal owners of the entire interest therein.
