ASSIGNMENT FROM BOTH CONTRACTOR-EMPLOYEE AND CONTRACTOR TO  
GOVERNMENT

Patent Application Title: BIOREMEDIATION OF NITROGENOUS CONTAMINANTS

Inventor(s): BRUCE W. BRODMAN and SHENG-YIH LEE

\*Patent Application Serial No. 10/064664 \*Filing Date: 8/5/2002

\*Docket Number: 2001-012 \*Patent Number:

\*Contract No.: DAAE30-00-  
D-1009 \*Contractor/ \*Subcontractor: GEO CENTERS

\*(Data not known at execution time may be added later for better identification.)

\*\*(The terms "Contract" and "Contractor" shall include subcontract and subcontractor, if applicable, wherever they occur.)

The undersigned inventor(s), in recognition of his (her) (their) obligation as employee(s) of the Contractor\*\* to assign inventions to the Contractor, and pursuant to contract obligations of the Contractor to the U.S. Government, hereby assign(s) to the United States of America, as represented by the Secretary of the Army, the entire right, title and interest throughout the world in and to the above-identified Patent(s), provisional applications(s), and PCT Application(s), and to all patent applications and patents that may result from any of the above or be based thereon, and to any substitution, division, continuation-in-part, or continuation of such patent application(s) and any application for reissue of any patent resulting therefrom, subject to the reservation therein for Contractor of only a nonexclusive, nontransferable, royalty-free license throughout the world that shall extend to the Contractor's domestic subsidiary and affiliate companies, if any, within the corporate structure of which the Contractor is a part, and shall include the right to grant sublicenses of the same scope, only to the extent the Contractor was legally obligated to do so at the time the contract was awarded. The license reserved for Contractor shall be transferable only with the approval of the funding Federal Agency except when transferred to the successor of that part of the Contractor's business to which such invention pertains.

The inventor(s) further agree(s) to assist the Contractor and U.S. Government, upon request, by furnishing any available information and documents, performing all acts, and doing all things which may be reasonably necessary to make this assignment effective.

The Contractor joins in and agrees to the foregoing assignment, and except for the above described reservation of a license, if any, relinquishes and assigns the entire right, title and interest throughout the world in and to such invention(s), and to the above-identified Patent Application(s), and in the above-identified Patent(s), provisional application(s), and PCT Application(s), and further agrees to furnish to the U.S. Government upon request, any available information and documents necessary for the preparation and prosecution of the above-identified application(s) for patent (including prosecution and settlement of interferences), and of any substitution, division, continuation-in-part, or continuation of such patent application(s), Patent(s), provisional application(s), and PCT Application(s), and of any application for reissue of any patent resulting from such application(s).
