PATENT ASSIGNMENT
(Jurisdictions other than Canada)

For good and valuable consideration, the receipt and sufficiency of which the undersigned hereby acknowledges, **CTF SYSTEMS INC.** (the "**Company**") hereby sells, assigns, transfers and conveys to **618935 BRITISH COLUMBIA LTD.** (the "**Assignee**"), whose registered office address is 900 - 200 Burrard Street, Vancouver, British Columbia, Canada V7X 1T2, all right, title and interest for the United States, its territories and possessions, Europe, Japan and all other jurisdictions outside of Canada (a) in and to:

- (i) the invention relating to a method and system for obtaining higher order gradiometer measurements with lower order gradiometer as set forth in United States Patent Application Serial No. 476290 filed on June 7, 1995 and issued as United States Patent No. 5,657,756 on August 19, 1997 and issued in Europe and Japan; and
- (ii) the invention relating to a system and method for measuring, estimating and displaying RMS current density maps as set forth in the United States Patent Application Serial No. 60/072,340 filed on January 23, 1998; and
- (iii) the invention relating to a method for functional brain imaging from magnetoencephalographic data by estimation of source signal-to-noise ratio as set forth in the United States Patent Application Serial No. 09/138,826 filed on August 24, 1998,

(together, the "**Inventions**"); and (b) in and to the above United States Patent Applications and applications of other jurisdictions (other than Canada) (collectively, the "**Applications**") including any and all divisions or continuations thereof; and (c) in and to any and all Letters Patent of the United States and of other jurisdictions (other than Canada) which may issue on any of the Applications or for the Inventions, including any and all reissues or extensions thereof, to be held and enjoyed by the Assignee, its successors, assigns and other legal representatives to the full end of the term or terms for which any and all such Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by the Company had this Assignment not been made.

The Company hereby authorizes and requests the United States Commissioner of Patents and Trademarks or its equivalent in other jurisdictions to issue any and all such Letters Patent to the Assignee, its successors or assigns in accordance herewith.

The Company warrants and covenants that it has the full and unencumbered right to sell and assign the interests herein sold and assigned and that it has not executed and will not execute any document or instrument in conflict herewith.

The Company further covenants and agrees that at any time, upon request of the Assignee, its successors, assigns or other legal representatives, the Company will provide all information known to it relating to the Inventions or Applications and that it will execute and deliver any papers, deemed necessary or desirable by the Assignee, its successors, assigns or legal representatives to perfect title to the Inventions or the Applications, including divisions and continuations thereof and to any and all Letters Patent which may be granted therefor or thereon, including reissues or extensions, in the Assignee, its successors or assigns, or to assist the Assignee, its successors, assigns or other legal representatives in obtaining, reissuing or enforcing Letters Patent of the United States and of other jurisdictions for the Inventions.

The Company hereby authorizes and directs its legal counsel to insert in this Assignment any further identification which may be necessary or desirable to comply with the rules of the U.S. Patent and Trademark Office or its equivalent in other jurisdictions for the recording of this Assignment.
