United States Patent Application Serial Number: TO BE ASSIGNED

Filed Concurrently Herewith on OCTOBER 9, 2002

The Assignors are the owners of the above-referenced invention and owners of the above-referenced United States patent application, and the Assignee is desirous of acquiring the same. In consideration of Ten Dollars (\$10.00) and other good and valuable consideration, the Assignors hereby assign to the Assignee, including its successors, assigns, heirs, administrators, all of the Assignors' rights, title and interest in and to the invention and the patent application therefore identified herein, including the right to sue for damages for all past infringement occurring prior to the execution date of this Assignment, and to any and all patents which may evolve therefrom;

The Assignors also assign all of their rights, title and interest in and to said invention in all foreign countries, and all applications for Letters Patent in foreign countries on said invention and any Letters Patent which may evolve therefrom, including the right to claim International Convention priority; and

The Assignors agree to execute any papers or perform any acts required to establish, vest or protect the Assignee's rights therein or required by Assignee to obtain said patent, without any additional payment therefore, but without any expense to Assignors.
