**PATENT ASSIGNMENT**

THIS PATENT ASSIGNMENT ("Assignment") is made and entered into as of August 26, 2002, ("Effective Date"), by and between Lasoo Inc., a Delaware corporation, with its principal office at 2 St. Clair Avenue E., Suite 800, Toronto, Canada M4T 2T5 ("Assignor"), and Overture Services, Inc., a Delaware corporation, with its principal office at 74 North Pasadena Avenue, 3rd Floor, Pasadena, California 91103 ("Assignee").

**WHEREAS**, Assignor and Assignee have entered into an Asset Purchase Agreement, dated as of the Effective Date (the "Purchase Agreement"), pursuant to which Assignor has agreed to assign to Assignee a patent application (the "Patent Application") identified and set forth on Schedule A; and

**WHEREAS**, pursuant to the Purchase Agreement, Assignee wishes to acquire and Assignor wishes to assign its entire right, title and interest in and to the Patent Application and the inventions covered thereby.

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, assign, transfer and set over to Assignee, its entire right, title and interest in and to the Patent Application, for the United States and for all foreign countries, including any continuations, divisions, continuations-in-part, reissues, reexaminations or extensions or foreign equivalents thereof, and including the subject matter of all claims which may be obtained therefrom for Assignee's own use and enjoyment and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made; together with all income, royalties, damages or payments due or payable as of the day after the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Patent Application, with the right to sue for and collect the same for Assignee's own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives.

Assignor authorizes and requests the Commissioner of Patents and Trademarks and the appropriate foreign authorities to record Assignee as the assignee and owner of the Patent Application in the appropriate countries, including any continuations, divisions, continuations-in-part, reissues, reexaminations or extensions thereof, and to issue any and all letters patent thereon to Assignee, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee, its successors, assigns or other legal representatives.

Assignor agrees to execute and deliver at the request of Assignee, its successors, assigns or other legal representatives, all papers and instruments prepared by Assignee at Assignee's expense, and to perform at Assignee's expense any other reasonable acts required in order to vest all Assignor's rights, title and interest in and to the Patent Application in Assignee, its successors, assigns or other legal representatives.

This Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

**IN TESTIMONY WHEREOF**, the Assignor and Assignee have caused this Assignment to be signed and executed by the undersigned officers thereunto duly authorized this 30<sup>th</sup> day of August, 2002.
